Exploration Permits Received for Nickel Properties

Vancouver, Dec. 14, 2020 - [Inomin Mines Inc.](#) (TSXV: MINE) announces the receipt of TSX Venture Exchange approval to acquire Canada Metals Ltd. Inomin is acquiring Canada Metals for one million common shares.

Canada Metals is a private Australian company backed by Melbourne-based investment management firm Peak Asset Management Pty Ltd. Inomin welcomes its new Australian shareholders and looks forward to working with Peak on future financing and marketing initiatives.

All securities issued to acquire Canada Metals are subject to a four-month and one day hold period under applicable Canadian securities laws.

Exploration Permits for Beaver and Lynx Nickel Properties

In other business, Inomin has received multi-year exploration permits for the Company's Beaver and Lynx sulphide nickel properties located near Williams Lake in south-central British Columbia. Future planned exploration activities include ground magnetics, trenching, and diamond drilling. Exploration is estimated to commence in spring 2021, subject to regulations related to COVID-19.

Initial exploration at Beaver, including geophysical surveys and diamond drilling programs during 2013 - 2015, demonstrated the property's potential to host large areas of near-surface, disseminated nickel and cobalt, amenable to conventional extraction methods. The less explored Lynx property is geologically similar to Beaver with larger nickel-bearing zones. Lynx also covers the highest nickel stream and lake sediment nickel anomaly in the region.

Further information on the Beaver-Lynx projects, including a NI 43-101 technical report, is available on Inomin's website www.inominmines.com.
