

# Gran Colombia Reports November 2020 Gold Production; Declares Monthly Dividend to be Paid on January 15, 2021

15.12.2020 | [GlobeNewswire](#)

TORONTO, Dec. 15, 2020 - [Gran Colombia Gold Corp.](#) (TSX: GCM; OTCQX: TPRFF) announced today that it produced a total of 17,915 ounces of gold in November 2020 bringing the total for the first eleven months of 2020 to 200,235 ounces compared with a total of 217,600 ounces in the first eleven months of 2019. The year-to-date 2020 production results reflect the impact of COVID-19 on the Company's mining operations, predominantly in the second quarter of this year. The Company continues to expect its 2020 annual production will range between 218,000 and 226,000 ounces of gold.

Lombardo Paredes, Chief Executive Officer of Gran Colombia, commenting on the Company's latest news, said, "We continue to focus on what we can control in these volatile markets: cash, costs and execution. Our people continue to do what it takes to keep our operations running safely during the second wave of the pandemic. Performance at our Segovia Operations remains steady and we are delighted to announce the next monthly dividend to be paid to our shareholders in January 2021. Caldas Gold continues to implement their mine plan and plant expansion in the existing Upper Zone mining operation while execution of the Deep Zone expansion plan gets underway. Overall, we are pleased with the progress we have made this year in such challenging times."

Gran Colombia processed an average of 1,282 tonnes per day ("tpd") in November 2020 at its Segovia Operations with an average head grade of 14.2 g/t resulting in 15,741 ounces of gold production. For the first eleven months of 2020, the Segovia Operations have processed an average of 1,276 tpd at an average head grade of 14.5 g/t compared with an average of 1,225 tpd processed during the first eleven months last year at an average head grade of 16.4 g/t. Segovia's total gold production for the first eleven months of 2020 amounted to 178,923 ounces compared with 194,108 ounces in the first eleven months last year and reflects the impact of COVID-19 on its operations from late March through mid-April 2020. The Company continues to expect its 2020 annual production at Segovia will range between 195,000 and 200,000 ounces of gold.

At Caldas Gold Corp.'s Marmato Project, mine operations proceeded as planned in November 2020. Maintenance in the plant's crushing facility limited processing to an average of 677 tpd in the month at an average head grade of 3.7 g/t, the best monthly grade reported this year. The mine has built up a stockpile of approximately 6,000 tonnes at an average head grade of 3.3 g/t that will be processed in the coming months. Gold production in November 2020 amounted to 2,174 ounces bringing the total gold production for the first eleven months of 2020 to 21,312 ounces compared with 23,492 ounces in the first eleven months last year. The Marmato Project's year-to-date gold production results reflect the impact of COVID-19 on its mining operations from late March through July of this year. Caldas Gold continues to expect its 2020 annual production at Marmato will range between 23,000 and 26,000 ounces of gold.

## *Monthly Dividend Declaration*

Gran Colombia also announced today that its Board of Directors has declared the next monthly dividend of CA\$0.015 per common share will be paid on January 15, 2021 to shareholders of record as of the close of business on December 31, 2020.
