The options have an exercise price of \$0.10, vest in three equal tranches over the next 24 months and expire on December 18, 2025. These grants partially replace 3,550,000 options awarded in 2015 that expired unexercised on November 5, 2020.

The Company also approved grants to four officers and three directors of an aggregate of 1,950,000 restricted share units that will vest on January 4, 2021, and which have an expiry date of December 31, 2023.

The previous stock option plan of the Company, approved by shareholders on December 18, 2018 (the 2018 Stock Option Plan;), provided that stock options thereunder may be granted for a term not exceeding five years. Other than this amendment, the terms of the 2020 Option Plan are substantially similar to the terms of the 2018 Stock Option Plan.

The maximum number of Common Shares available for issuance upon the vesting of restricted share units (RSUs;) under the 2020 RSU Plan is the lesser of (i) 4,000,000 common shares of the Company; and (ii) 10% of the issued and outstanding common shares of the Company in combination with all security-based compensation arrangements of the Company, as determined as of December 18, 2020. The 2020 RSU Plan provides for the grant of RSUs to directors, officers and employees (other than those performing certain specified investor relations activities) of the Company and provides that RSUs will only be settled through the issuance of common shares of the Company. The previous RSU plan of the Company approved by shareholders on December 18, 2018 (the 2018 RSU Plan;) provided for the grant of RSUs to employees only and provided that RSUs could be settled through the issuance of common shares of the Company or cash. Other than these amendments and certain corollary changes, the terms of the 2020 RSU Plan are substantially similar to the terms of the 2018 RSU Plan.
