VANCOUVER, March 18, 2021 - [Granite Creek Copper Ltd.](#) (TSXV:GCX)(OTCQB:GCXXF) ("Granite Creek" or the "Company") announces it has received approval from OTC Markets Group Inc. for trading on the OTCQB Venture Market, under the symbol GCXXF, as of March 16, 2021. The Company's common shares, which are also DTC eligible, will continue to trade on the TSX Venture Exchange under the symbol GCX.

The Company's upgraded listing from the OTC Pink Sheets to the OTCQB is anticipated to provide improved liquidity and, by enhancing the overall trading experience for current and potential U.S. investors, add to the Company's shareholder base. By meeting and maintaining the stricter eligibility requirements of the OTCQB listing, Granite Creek benefits from Blue-Sky exemptions, certain U.S. state securities laws, which has the potential to further enhance trading volumes through an expansion of investment advisers' ability to recommend investments to their U.S. clients.

Tim Johnson, President & CEO of Granite Creek Copper, stated, "This uplisting of our common shares is another key step in our advancement of Granite Creek and is particularly timely as we continue to see exceptional strength in the copper market and a corresponding interest from investors. Combined with our DTC eligibility, the Company is well-positioned to accommodate new investors who recognize the potential of our Carmacks & Carmacks North copper-gold project in Canada's Yukon Territory."
