

Huntsman Discusses Canegrass Nickel Sulphide Project Results with Newexco on GlobalMeet Webcast

15.04.2021 | [ACCESS Newswire](#)

VANCOUVER, April 15, 2021 - [Huntsman Exploration Inc.](#) (TSXV:HMAN)(OTC PINK:BBBMF) (the "Company" or "Huntsman") is pleased to announce the successful hosting of a webcast on April 14, 2021, through the facilities of GlobalMeet Webcast.

The webcast included an overview and review of recent drilling activities on the 100% owned Canegrass Nickel Sulphide property in Australia, as well as discussion of upcoming activities on the Company's Baxter Spring and Flint gold projects. Co-hosting the event were Nicholas Walker and Adrian Black, the Company's geological consultants from Newexco, Perth, Australia who provided the technical overview of Canegrass exploration efforts.

The following link will take viewers to the webcast recording:

Peter Dickie, President and CEO for Huntsman, commented, "I was very pleased with the webcast and believe the active participation by Newexco was fruitful in explaining our strong results and optimism concerning our Canegrass project. We look forward to hosting similar events in the future as we continue with exploration efforts in Australia and commence exploration of our Baxter Spring and Flint gold projects."

About GlobalMeet Webcast: For Twenty years GlobalMeet Webcast has been at the forefront of the webcasting industry. Providing communication solutions that deliver concise online messaging to Fortune 500 companies and small businesses. Technology advances and recent changes in the corporate and economic landscapes have further proven the value of webcasting communication to key personnel, clients, investors, and the general public.
