

# Orford Announces Appointment of John McCluskey to its Board of Directors

27.04.2021 | [CNW](#)

TORONTO, April 26, 2021 - [Orford Mining Corp.](#) ("Orford") (TSXV: ORM) is pleased to announce the appointment of Mr. John McCluskey to its Board of Directors, effective immediately. Mr. McCluskey brings significant gold-focused management experience to the Orford Board. John McCluskey is the President and Chief Executive Officer of Alamos Gold Inc. and has held this position since 2003, when he co-founded the Company with mining hall of famer Chester Millar. Mr. McCluskey was also a Director of the World Gold Council and is currently an Alternative Director. Mr. McCluskey was the recipient of the 2019 Pezim Award for Perseverance and Success in Financing Mineral Exploration by the British Columbia Association for Mineral Exploration. This award recognized Mr. McCluskey's role in the acquisition, financing, and encouragement of successful mineral discoveries at Mulatos, as well as his ongoing success as CEO of Alamos. Mr. McCluskey was also named Ontario's 2019 & Young Entrepreneur of The Year, based on a judging panel's assessment of financial performance, vision, leadership, innovation, personal integrity and influence, social responsibility, and entrepreneurial spirit.

David Christie, CEO, President and Director of Orford, commented " We are very pleased to welcome John McCluskey to the Board. John has been a big supporter of Orford's strategy for a number of years and having him join the team is a strong endorsement of the potential of Orford's exploration properties. John has successfully built a mid-tier gold mining company through perseverance and support of solid exploration and mine building. His experience will be invaluable as we work to continue to unlock the potential at Orford's properties. We look forward to his contributions as we enter a very exciting period of exploration work being planned for 2021 at our projects."

## About Orford Mining Corporation

Orford Mining is a gold explorer focused on highly prospective and underexplored areas of Northern Quebec.

Orford's assets in the Nunavik region of Northern Quebec include the Qiqavik and West Raglan projects comprising a large land package totaling over 105,000 hectares in the Cape Smith Belt of Northern Quebec. The Qiqavik Project hosts several high-grade gold discoveries along a mineralized trend in excess of 40 km. The West Raglan project hosts a number of high-grade Raglan-style nickel/copper/platinum group metal discoveries along a 55 km mineralized trend. In January 2021, Orford entered into an earn-in agreement whereby Wyloo Metals can earn up to 80% of the West Raglan Project for total expenditures of \$100 million over 7 years.

In 2020, Orford acquired three new property positions (Over 20,000ha) in the Joutel region of the Abitibi district of northern Quebec, which hosts historical deposits such as the Eagle/Telbel, Joutel Copper, Poirier Copper, and Veza deposits. Information from neighbouring properties is not necessarily indicative of the mineralization on Orford Mining's properties.

Orford continually seeks new gold exploration opportunities in North America.

Orford's common shares trade on the TSX Venture Exchange under the symbol ORM.

## Cautionary Statement Concerning Forward-Looking Statements

Neither the TSXV nor its Regulation Services Provider (as that term is defined in the policies of the TSXV) accepts responsibility for the adequacy or accuracy of this release.

This news release contains "forward-looking information" including without limitation statements relating to the liquidity and financial resources of Orford and potential of one or more of the Qiqavik, and West Raglan, properties.

Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual

results, performance or achievements of Orford to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Factors that could affect the outcome include, among others: fluctuations in metal prices and the supply of metals; the results of drilling; inability to raise the money necessary to incur the expenditures required to retain and advance the properties; environmental liabilities (known and unknown); general business, economic, competitive, political and social uncertainties; accidents, labour disputes and other risks of the mining industry; political instability, terrorism, insurrection or war; or delays in obtaining governmental approvals, failure to obtain regulatory or shareholder approvals. For a more detailed discussion of such risks and other factors that could cause actual results to differ materially from those expected or implied by such forward-looking statements, refer to Orford's filings with Canadian securities regulators available on [www.sedar.com](http://www.sedar.com).

Although Orford has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained herein are made as of the date of this news release and Orford disclaims any obligation to update any forward-looking statements, whether as a result of new information or future events or results or otherwise, except as required by applicable securities laws.

The TSXV has neither approved nor disapproved the contents of this news release.
