

Silver One Resources to Webcast Live at VirtualInvestorConferences.com May 4th

03.05.2021 | [PR Newswire](#)

Company invites individual and institutional investors, as well as advisors and analysts, to attend real-time, interactive presentations on VirtualInvestorConferences.com

VANCOUVER, May 3, 2021 - Silver One Resources (TSX-V: SVE.V) (OTCQX: SLVRF), based in Vancouver, BC, focused on silver in Nevada and Arizona, today announced that Greg Crowe, President & CEO, will present live at VirtualInvestorConferences.com on May [4th].

DATE: May 4th, 2021

TIME: 2pm ET

LINK: <https://bit.ly/3exE6AH>

This will be a live, interactive online event where investors are invited to ask the company questions in real-time. If attendees are not able to join the event live on the day of the conference, an archived webcast will also be made available after the event.

It is recommended that investors pre-register and run the online system check to expedite participation and receive event updates.

Learn more about the event at www.virtualinvestorconferences.com.

Recent Company Highlights

- Resources of 30 million ounces of silver equivalent on one leach pad 15 million ounces on the second leach pad (NI 43-101 compliant) at Candelaria, representing 8 years mine life as phase 1
- Currently drilling 15,000 meters to extend the open pits, down dip resource deposit and potential IOCG
- Phoenix Silver 417 pound boulder measured at 70% silver, waiting for permits to drill for vein structure
- Cherokee property hosts 12 kilometer strike length of high grade gold, silver and copper

About [Silver One Resources]

Silver One is focused on the exploration and development of quality silver projects.

The Company holds an option to acquire a 100%-interest in its flagship project, the past-producing Candelaria Silver Mine, Nevada. Potential reprocessing of silver from the historic leach pads at Candelaria is being investigated. Additional opportunities lie in previously identified high-grade silver intercepts down-dip and the possibility of increasing the substantive silver mineralization along-strike from the two past-producing open pits.

The Company has staked 636 lode claims and entered into a Lease/Purchase Agreement to acquire five patented claims on its Cherokee project located in Lincoln County, Nevada, host to multiple silver-copper-gold vein systems traced to date for over 12 km along-strike. The property also has potential for limestone related polymetallic plus silver and gold and/or other intrusive related systems at depth.

Silver One holds an option to acquire a 100% interest in the Silver Phoenix Project. The Silver Phoenix Project is a very high-grade native silver prospect that lies within the "Arizona Silver Belt", immediately adjacent to the prolific copper producing area of Globe, Arizona.

About Virtual Investor Conferences®
