(1) Because the goodwill impairment is not deductible for tax purposes, the tax impact in the 2020 period is calculat using an effective tax rate determined by excluding goodwill from the effective tax rate calculation.
Adjusted net income and adjusted diluted earnings per share exclude the noted items because management believ items affect the comparability of operating results. The Company discloses these non-GAAP financial measures as adjunct to GAAP measures because:
a) Management uses adjusted net income to evaluate the Company's operating performance between periods and compare the Company's performance to other oil and gas exploration and production companies.
b) Adjusted net income is more comparable to earnings estimates provided by research analysts.
* Does not include adjustments resulting from application of the "two-class method" used to determine earnings per under GAAP.
