

Metals Creeks Acquires by Staking, Property in The Central Newfoundland Gold Belt

07.05.2021 | [Newsfile](#)

Thunder Bay Ontario, May 7, 2021 - [Metals Creek Resources Corp.](#) (TSXV: MEK) (OTCQB: MCREF) (FSE: M1C1) (the "Company" or Metals Creek) is pleased to announce that the company has acquired thru staking, 298 claim units (7,450 hectares) in 4 licenses in the Central Newfoundland Gold Belt.

The Property (River Road Property) is located approximately 39.5 kms south west of Newfoundland Golds Keats Zone and 4.5 kms north west of the Beaver Brook Antimony mine. (See figure 1).

The property is easily accessible by forestry logging roads and the new Nalcor Transmission Line transects the property.

The River Road Property has seen very little exploration work according to research conducted by company personnel and Metals Creek plans to evaluate the property thru prospecting and soil sampling geochemistry during the upcoming weeks. Metals Creek is currently applying for permits for this work.

The company also announces that drilling is ongoing at the Dona Lake project and drill results will be released once results are received and compiled.

In addition, Metals Creek corrects the finders' warrants announced for the last financing. In the 17 March news release, the company announced finders' warrants in the amount of 177,818 in error, the correct amount of finders' warrants issued were 450,545 which are each exercisable for one common share of the Company at \$0.165 for a period of 24 months from the date of issuance.

Wayne Reid, P. Geo, a Director for the Company and a qualified person as defined in National Instrument 43-101, is responsible for this release, and supervised the preparation of the information forming the basis for this release.
