Milan Jerkovic, Executive Chair of Wiluna Mining commented: "We are delighted at the strong response we have received to our capital raising, with approximately \$93 million raised in debt and equity. We are fully funded for Stage 1 and the Stage 2 Feasibility Study. Stage 1 is expected to be in commercial production in CY2022. Pending a successful outcome of the Stage 2 Feasibility Study, Stage 2 development will commence by the middle of 2022.

"At commercial production, Stage 2 will make Wiluna one of the larger gold mines in Australia. The differentiating factor of Wiluna Mining is its operating cash flows, whilst still boasting a prosperous three-year development program and outstanding exploration potential."
