North Vancouver, May 31, 2021 - [Lion One Metals Ltd.](#) (TSXV: LIO) (OTCQX: LOMLF) (ASX: LLO) ("Lion One" or the "Company") is pleased to announce that exploration and development activities at the Tuvatu gold project in Fiji have resumed following recently instituted COVID-19-related lockdowns across the country.

Lion One Managing Director Stephen Mann commented "Many parts of Fiji have been under lockdown in recent weeks and we are grateful to the various agencies of the Fiji Government such as the Mineral Resources Department, and the Ministry of Commerce, Trade, Tourism and Transport in their efforts to mitigate the effects of the COVID-19 pandemic. Their quick response time has enabled the Lion One exploration team to return to Tuvatu where we are operating six drill rigs, and our analytical team to our geochemical and assay laboratory located at our Fiji headquarters near the Nadi international airport".
