

Jericho Energy Ventures to Present at Upcoming American Boiler Manufacturers Association of America (ABMA) and Massachusetts Institute of Technology (MIT) Alumni Events

09.06.2021 | [ACCESS Newswire](#)

NEWTOWN, June 9, 2021 - Jericho Energy Ventures (TSXV:JEV)(Frankfurt:JLM0)(OTC PINK:JROOF) ("Jericho" or "JEV" or the "Company") is pleased to announce that Brian Williamson, CEO, will be a featured presenter at two exclusive events later this month.

On June 17, Mr. Williamson will be the guest speaker at the MIT Alumni Club of Princeton on "Advancing the Low-Carbon Energy Transition Through Hydrogen," as part of the Club's "Sustainable Planet 2021" theme. The event is open to MIT Alumni Association members and their guests.

"I am honored to be invited to speak to the MIT alumni and believe our corporate direction fits well with their focus on climate change and renewable technology," Mr. Williamson stated.

As well, on June 25, Mr. Williamson will be the opening presenter at the American Boiler Manufacturers Association's (ABMA) 2021 Summer Meeting in Bonita Springs, Florida. ABMA is a leader in the constantly evolving boiler sector that advocates for the safe production and operation of boilers, facilitated advances in energy efficiency, and provided solutions for member companies.

"I am excited to present at the ABMA Conference about Hydrogen Technologies' breakthrough, zero-emission DCC™ cleanH2steam boiler technology. The gathering will be a unique opportunity to collaborate with leading experts in the boiler industry and to increase awareness of our novel DCC™ system with key decision makers," said Mr. Williamson.

About Jericho Energy Ventures

Jericho Energy Ventures (www.jerichoenergyventures.com) (JEV) is focused on advancing the low-carbon energy transition with investments in hydrogen technologies, energy storage, carbon capture and new energy systems. JEV's wholly owned subsidiary, Hydrogen Technologies, delivers patented, zero-emission, boiler technology to the \$30 Billion Commercial & Industrial heat and steam industry. JEV also owns and operates producing oil and gas assets in the US Mid-Continent, predominantly in Oklahoma.

This news release contains certain 'forward-looking information' within the meaning of applicable Canadian securities legislation and may also contain statements that may constitute 'forward-looking statements' within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995. Such forward-looking information and forward-looking statements are not representative of historical facts or information or current condition, but instead represent only Jericho's beliefs regarding future events, plans or objectives, many of which, by their nature, are inherently uncertain and outside of Jericho's control. Generally, such forward-looking information or forward-looking statements can be identified by the use of forward-looking terminology such as 'plans', 'expects' or 'does not expect', 'is expected', 'budget', 'scheduled', 'estimates', 'forecasts', 'intends', 'anticipates' or 'does not anticipate', or 'believes', or variations of such words and phrases or may contain statements that certain actions, events or results 'may', 'could', 'would', 'might' or 'will be taken', 'will continue', 'will occur' or 'will be achieved'. Although Jericho believes that the assumptions and factors used in preparing, and the expectations contained in, the forward-looking information and statements are reasonable, undue reliance should not be placed on such information and statements, and no assurance or guarantee can be given that such forward-looking information and statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information and statements. Forward-looking information and statements are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking information and statements which include, but are not limited to: the effects of and risks associated with the ongoing COVID-19 pandemic, the impact of general economic conditions, industry conditions and current and future commodity prices including sustained low oil prices, significant and ongoing stock market volatility, currency and interest rates, governmental regulation of the oil and gas industry, including environmental regulation; geological, technical and drilling problems; unanticipated operating events; competition for and/or inability to retain drilling rigs and other services; the availability of capital on acceptable terms; the need to obtain required approvals from regulatory authorities; liabilities inherent in oil and gas exploration, development and production operations; and the other factors described in our public filings available at www.sedar.com. Readers are cautioned that this list of risk factors should not be construed as exhaustive. The forward-looking information and forward-looking statements contained in this news release are made as of the date of this news release, and Jericho does not undertake to update any forward-looking information and/or forward-looking statements that are contained or referenced herein, except in accordance with applicable securities laws.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
