"This conference, for us, is different than your typical investor conference," said Brian Balbirnie, CEO of Issuer Direct. "As a brand, it's important to find ways to educate and advocate and be a part of something that is bigger than all of us."

"Our technology has been behind a number of microcap and investment banking conferences and allows them to host in-person and virtual investor conferences," said Angie Goertz, Vice President of Events at Issuer Direct. "We believe this is a great opportunity to give back to our industry while helping fund investor education and financial literacy programs."
