The Emerging Growth Conference is a live, interactive online event which will give members of the investment community and existing shareholders the opportunity to hear about the Company directly from its management team. If registered attendees are not able to join the event live on the day of the conference, an archived webcast will also be made available on EmergingGrowth.com.

## About the Emerging Growth Conference

The Emerging Growth conference is an effective way for public companies to present and communicate their new products, services and other major announcements to the investment community from the convenience of their office, in a time efficient manner.

The Conference focus and coverage includes companies in a wide range of growth sectors, with strong management teams, innovative products & services, focused strategy, execution, and the overall potential for long term growth. Its audience includes potentially tens of thousands of individual and institutional investors, as well as investment advisors and analysts. All sessions will be conducted through video webcasts and will take place in the Eastern time zone.

## About Brazil Minerals, Inc.

[Brazil Minerals Inc.](#) (OTCQB: BMIX) is an exploration company with two hard-rock lithium projects, as well as projects in other highly strategic minerals such as rare earths, titanium, nickel and cobalt. In addition, Brazil Minerals owns a majority stake in Apollo Resources Corp., a private company developing its first iron mine, and a minority stake in Jupiter Gold Corporation (OTCQB: JUPGF), which is developing two large gold projects and a quartzite mine. Brazil Minerals is well-positioned in the growing ESG space. Follow us on Twitter: @BMIXstock.

## Safe Harbor Statement

This press release contains forward-looking statements made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward looking statements are based upon the current plans, estimates and projections of [Brazil Minerals Inc.](#)'s management and are subject to risks and uncertainties, which could cause actual results to differ from the forward- looking statements. Such statements include, among others, those concerning market and industry segment growth and demand and acceptance of new and existing products; any projections of production, reserves, sales, earnings, revenue, margins or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements regarding future economic conditions or performance; uncertainties related to conducting business in Brazil, as well as all assumptions, expectations, predictions, intentions or beliefs about future events. Therefore, you should not place undue reliance on these forward-looking statements. The following factors, among others, could cause actual results to differ from those set forth in the

forward-looking statements: business conditions in Brazil, general economic conditions, geopolitical events and regulatory changes, availability of capital, [Brazil Minerals Inc.](#)'s ability to maintain its competitive position and dependence on key management. This press release does not constitute an offer to sell or the solicitation of an offer to buy any security and shall not constitute an offer, solicitation or sale of any securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction. We advise U.S. investors that Brazil Minerals' (and its subsidiaries') properties and projects, as of now, are exploratory and do not have measured "reserves" as such term is defined by the Securities and Exchange Commission.
