

SKRR Exploration Inc. Begins Field Work at the Manson Bay Gold Project

27.07.2021 | [Newsfile](#)

Vancouver, July 27, 2021 - [SKRR Exploration Inc.](#) (TSXV: SKRR) (OTC Pink: SKKRF) (FSE: B04Q) ("SKRR" or the "Company") is pleased to announce the beginning of the field work at the Company's Manson Bay Gold Project ("Manson Bay"). The Company has received a drill permit for Manson Bay and expects to begin drilling in early September 2021.

SKRR also announces that senior management along with a small group of investors/advisors and geologists will be visiting the following projects Wednesday, July 28 and Thursday, July 29, 2021 as preparations are well underway for the 2021 drilling and exploration season: SKRR Leland Gold Project, SKRR Olson Gold Project and Manson Bay Gold Project.

2021 Manson Bay Drill Program

The 2021 Manson Bay drilling targets will be based on a comprehensive compilation and modelling of all available data including historic drilling, which will be augmented with the results from the current fieldwork.

Qualified Person

The scientific and technical information contained in this news release has been reviewed and approved by Ross McElroy P.Geol, a director of the Company and a "Qualified Person" as defined in National Instrument 43-101 - Standards of Disclosure for Mineral Projects. Mr. McElroy verified the data disclosed (unless indicated otherwise) which includes a review of the sampling, analytical and test data underlying the information and opinions contained therein.

About SKRR Exploration Inc.:

SKRR is a Canadian-based precious metal explorer with properties in Saskatchewan - one of the world's highest ranked mining jurisdictions. The primary exploration focus is on the Trans-Hudson Corridor in Saskatchewan in search of world class precious metal deposits. The Trans-Hudson Orogen - although extremely well known in geological terms has been significantly under-explored in Saskatchewan. SKRR is committed to all stakeholders including shareholders, all its partners and the environment in which it operates.

Forward-Looking Information

This news release contains "forward-looking information or statements" within the meaning of applicable securities laws, which may include, without limitation, statements that address the planned drilling

on the Manson Bay Property, receipt of permits, other statements relating to the technical, financial and business prospects of the Company, its projects and other matters. All statements in this news release, other than statements of historical facts, that address events or developments that the Company expects to occur, are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the price of metals, the ability to achieve its goals, that general business and economic conditions will not change in a material adverse manner, that financing will be available if and when needed and on reasonable terms. Such forward-looking information reflects the Company's views with respect to future events and is subject to risks, uncertainties and assumptions, including those filed under the Company's profile on SEDAR at www.sedar.com. Factors that could cause actual results to differ materially from those in forward looking statements include, but are not limited to, continued availability of capital and financing and general economic, market or business conditions, adverse weather conditions, decrease in the price of gold and other metals, equipment failures or failure to obtain the necessary equipment, adverse weather conditions, failure to maintain all necessary government permits, approvals and authorizations, the impact of Covid-19 or other viruses and diseases on the Company's ability to operate, failure to maintain community acceptance (including First Nations), increase in costs, litigation, and failure of counterparties to perform their contractual obligations. The Company does not undertake to update forward-looking statements or forward-looking information, except as required by law.
