Toronto, August 3, 2021 - [Good2GoRTO Corp.](#) (TSXV: GRTO.P) (the "Corporation") and FRX Polymers Inc. ("FRX") are pleased to announce they have entered into a non-binding letter of intent (the "LOI") dated August 3, 2021, which outlines the general terms and conditions of a proposed business combination, by way of an amalgamation, arrangement, takeover bid or other similar form of transaction, which will result in FRX (or a successor corporation, as the case may be) becoming a wholly-owned subsidiary of the Corporation or otherwise combining its corporate existence with that of the Corporation at the applicable time (the "Transaction"). The Corporation, after completion of the Transaction, is referred to as the "Resulting Issuer".

The Corporation is a "capital pool company" which completed its initial public offering on May 17, 2021. The common shares of the Corporation ("G2GRTO Shares") are listed for trading on the TSX Venture Exchange Inc. ("TSXV") under the stock symbol GRTO.P. The Corporation has not commenced commercial operations and has no assets other than cash. It is intended that the Transaction, when completed, will constitute the "Qualifying Transaction" of the Corporation pursuant to Policy 2.4 - Capital Pool Companies (the "CPC Policy") of the TSXV.

Terms of the Transaction

Pursuant to the terms and conditions of the LOI, the Corporation and FRX will negotiate and enter into a definitive agreement (the "Definitive Agreement") incorporating the principal terms of the Transaction as described in the LOI and this press release. There is no assurance that a Definitive Agreement will be successfully negotiated or entered into.

The LOI was negotiated at arm's length. The terms and conditions outlined in the LOI are expected to be superseded by the Definitive Agreement. Pursuant to the Transaction, all of the issued and outstanding common shares of FRX ("FRX Shares") will be exchanged for Post Consolidated G2GRTO Shares (as defined below) at an exchange ratio to be set out in the Definitive Agreement. Upon completion of the Transaction and excluding the Resulting Issuer Shares issued pursuant to the Concurrent Financing (as defined below), it is anticipated that FRX shareholders will own approximately 97.9% of the issued and outstanding Resulting Issuer Shares, and the Corporation's shareholders will own approximately 2.1% of the issued and outstanding Resulting Issuer Shares. It is intended that any outstanding stock options and warrants of FRX and the Corporation will be exercisable for comparable securities of the Resulting Issuer on the same economic terms.

The Corporation currently has (i) 5,800,000 issued and outstanding G2GRTO Shares, (ii) stock options to purchase 580,000 G2GRTO Shares and (iii) broker warrants to purchase 200,000 G2GRTO Shares. Prior to the closing of the Transaction (the "Closing"), it is expected that the Corporation will consolidate the G2GRTO Shares (the "Consolidation") at a ratio to be set out in the Definitive Agreement. ("Post Consolidated G2GRTO Shares").

Concurrent Financing

The parties currently contemplate that FRX or an affiliate will also complete a brokered private placement of securities, which may include convertible debentures, subscription receipts or other convertible securities, which are currently being negotiated (the "Concurrent Financing"). The price and terms, including aggregate amount, of the Concurrent Financing are currently being negotiated between the parties. It is intended that the Concurrent Financing would close prior to the Closing. Further disclosure will be provided upon the

successful negotiation. There is no assurance that such negotiations will be concluded successfully.

Finder's Fee

The Corporation will enter into a finder's fee agreement whereby one or more persons will be paid a finder's fee on Closing which will be satisfied by way of issuance of units (the "Units") of the Resulting Issuer in an aggregate amount equal to 0.9% of the total common shares to be issued to the shareholders of FRX by the Resulting Issuer but not including the common shares to be issued pursuant to the Concurrent Financing (the "Finders Fee"). Each unit shall be comprised of one common share of the Resulting Issuer and one half of one common share purchase warrant ("Warrant") of the Resulting Issuer. Each full Warrant will entitle the holder to subscribe for one (1) common share of the Resulting Issuer at a price equal to a 15% premium to the subscription price under the Concurrent Financing for a period of two (2) years following Closing.
