

Medaro Mining Commences Work Program on CYR South Lithium Property

12.08.2021 | [ACCESS Newswire](#)

VANCOUVER, August 12, 2021 - [Medaro Mining Corp.](#) (CSE:MEDA) ("Medaro" or the "Company") is pleased to announce the commencement of its Phase 1 exploration work program (the "Program") on its CYR South Lithium Property (the "Property") located in James Bay, Quebec, Canada.

Program Description

The Program will take place in two stages across two exploration work areas (see map below). The first stage will consist of ground soil and rock sampling and geological mapping, aimed at sampling, mapping and identifying a group of pegmatites for their potential to host lithium mineralization. The second stage will consist of a ground geophysical survey aimed at lithium and rare metals exploration.

Program Schedule

The soil and rock sampling and geological mapping work has commenced and the ground geophysical work is expected to commence in September and take three to four weeks. Once assays have been received from the laboratories (expected in mid- to late November 2021), a 43-101F1 technical report will be prepared respecting the Property.
