

# Ethos Gold Appoints Jodie Gibson as Technical Advisor on Toogood Project, Newfoundland

12.08.2021 | [Newsfile](#)

Vancouver, August 12, 2021 - [Ethos Gold Corp.](#) (TSXV: ECC) (OTCQB: ETHOF) (FSE: 1ET) ("Ethos" or the "Company") has appointed Jodie Gibson to its technical advisory team, and will be focused on the Toogood project in Newfoundland.

Mr. Gibson is an exploration geologist with over 15 years mineral exploration experience throughout the North American Cordillera from Alaska to Mexico; including syngenetic and epigenetic precious and base metal systems. He was the Project Manager of the [Underworld Resources Inc.](#) exploration team that discovered and defined the Golden Saddle and Arc deposits. These assets were subsequently sold to Kinross in 2010 for \$139 million., Mr. Gibson also served as Vice President Exploration for White Gold Corp where he oversaw over \$30 million in exploration activities over the previous three years with highlights including expansion of the Golden Saddle and Arc deposits and five new discoveries across the White Gold district; including the high-grade Vertigo discovery on the JP Ross property. Jodie was recognized as the 2020 Yukon Prospector of the Year and is currently Vice President Exploration for K2 Gold Corp

Dr. Rob Carpenter stated, "Jodie has a significant track record of success and discovery for high grade gold deposits and his experience and skillset will fit perfectly with our technical team. Ethos has now assembled a diverse technical team that is as good as any group in junior mining today and I look forward to the coming months at Toogood."

About Ethos Gold Corp.

Ethos Gold, a Discovery Group company, has accumulated a portfolio of district-scale projects in British Columbia, Ontario, Quebec, and Newfoundland that have large scale discovery potential. The Company has a solid technical team led by Dr. Rob Carpenter, formerly the CEO of Kaminak Gold Corporation, who led the Kaminak team from initial listing in 2005 through acquisition and discovery of the multiple-million-ounce Coffee Gold Project. In Ethos, he has assembled a senior technical advisory team with a strong record of discovery success and includes Dr. Robert Brozdowski, P.Geo., Dan MacNeil, M.Sc., P.Geo., Dr. Alan Wainwright, P.Geo, and Dr. Quinton Hennigh, an economic geologist with 25 years of exploration experience formerly with [Homestake Mining Company](#), Newcrest Mining and Newmont Mining Corp. Ethos is advancing its nine projects throughout Canada under the stewardship of Vice President of Exploration, Jo Price, P.Geo., MBA, with work programs underway this summer with dedicated teams on each project.

Ethos engages proactively with Indigenous rightsholders and seeks to develop relationships and agreements that are mutually beneficial. The Company's community relations efforts are led by Michelle Tanguay who has over 25 years experience in indigenous and stakeholder engagement and environmental program design and management.

With approximately C\$11 million in working capital, Ethos is well funded to advance its portfolio of Canadian projects.

#### Forward-Looking Statement Cautions:

This press release contains certain "forward-looking statements" within the meaning of Canadian securities legislation, including, but not limited to, statements regarding the Company's plans with respect to the Company's projects and the timing related thereto, the merits of the Company's projects, the Company's objectives, plans and strategies, and other project opportunities. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are statements that are not historical facts; they are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "aims," "potential," "goal," "objective," "strategy", "prospective," and similar expressions, or that events or conditions "will," "would," "may," "can," "could" or "should" occur, or are those statements, which, by their nature, refer to future events. The Company cautions that Forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made and they involve a number of risks and uncertainties. Consequently, there can be no assurances that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Except to the extent required by applicable securities laws and the policies of the TSX Venture Exchange, the Company undertakes no obligation to update these forward-looking statements if management's beliefs, estimates or opinions, or other factors, should change. Factors that could cause future results to differ materially from those anticipated in these forward-looking statements include the risk of accidents and other risks associated with mineral exploration operations, the risk that the Company will encounter unanticipated geological factors, or the possibility that the Company may not be able to secure permitting and other agency or governmental clearances, necessary to carry out the Company's exploration plans, risks and uncertainties related to the COVID-19 pandemic and the risk of political uncertainties and regulatory or legal changes in the jurisdictions where the Company carries on its business that might interfere with the Company's business and prospects. The reader is urged to refer to the Company's reports, publicly available through the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval (SEDAR) at [www.sedar.com](http://www.sedar.com) for a more complete discussion of such risk factors and their potential effects.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
