About OTCQB

The OTCQB® Venture Market is the premier marketplace for entrepreneurial and development stage US and international companies that are committed to providing a high-quality trading and information experience for their US investors. To be eligible, companies must be current in their financial reporting, pass a minimum bid price test, and undergo an annual company verification and management certification process. The OTCQB quality standards provide a strong baseline of transparency, as well as the technology and regulation to improve the information and trading experience for investors. The ability to have the Company's shares electronically transferred between brokerages in the US is significantly more convenient and reduces the costs incurred in trading shares. When shares are able to trade electronically, existing investors benefit from greater liquidity and execution speeds, while opening the door to new investors that may have been previously restricted from the Company's shares.

Further to this news, Surge reports that the Company is also "Blue-Skyed" with a listing in Mergent Manuals and News Reports. Surge's corporate profile, which includes descriptive text, data, news and financial statements, is accessible through Mergent's online and print products.

As part of Mergent's listing services, the description is highlighted separately on www.mergent.com with an active hyperlink back to Surge's website.

The Mergent Industrial Manual and News Reports is a recognized securities manual in 39 states for purposes of Blue Sky Manual Exemption. First published in 1918, and formerly known as Moody's Manuals and News Reports, the publication was rebranded as Mergent Manuals and News Reports when Mergent, Inc. acquired Moody's Financial Information Services division in 1998.

Surge's listing aids in opening the company up to a much broader investment base. However, it is recommended that brokers confirm with their compliance/legal department concerning "Blue Sky" laws in specific states and other regulatory laws that might affect them.
