

Trench Metals Looks to Expand Uranium Project Portfolio Athabasca, Saskatchewan, Canada

04.10.2021 | [The Newswire](#)

Vancouver, Oct. 3rd, 2021 - [Trench Metals Corp.](#) (the "Company") (TSXV:TMC) (FWB:33H2) announces that its board of directors has commenced a strategic review of several uranium projects near the Company's Gorilla Lake Uranium Project with the plan to expand the Company's portfolio.

Simon Cheng, Chief Executive Officer of the Company commented; "based on the encouraging initial results from our summer 2021 work program on our Gorilla Lake Uranium Project, the Company is excited to assess other highly prospective uranium projects in Athabasca, Saskatchewan that the board feels would enhance the Company's project portfolio. The board of directors feels the timing is ideal for expansion as the price of uranium is rising and projections are for significant growth in demand for the coming decade. It seems the world is waking up to the idea that nuclear power is the best solution to meet the world's green energy needs"

About Trench Metals Corp

[Trench Metals Corp.](#) is a mineral exploration company. We create value for our shareholders by engaging in promising mineral exploration opportunities. Our main goal is the advancement of various projects from discovery all the way to production. This vertically integrated strategy allows Trench Metals to achieve exceptional shareholder value through the entire life-cycle of the mining process.

[Trench Metals Corp.](#) has the right to earn a 100% interest in the Gorilla Lake Uranium Project. Gorilla Lake is located in the Cluff Lake area of Saskatchewan's Athabasca Uranium district. The Athabasca District is home to the highest grade of uranium deposits in the world. It accounts for 18% of global uranium production. The Gorilla Lake Project comprises nearly 7000ha in the Northern Mining District of Saskatchewan near the Shea Creek uranium deposit.
