The Company has filed on SEDAR an amended independent technical report prepared in accordance with National Instrument 43-101 - Standards of Disclosure for Mineral Projects, supporting the Mineral Resource Estimate for the Project previously reported in the Company's news release dated May 5, 2021. Closing is subject to TSXV final approval, and the Company is in the process of satisfying the requirements to obtain such approval. Trading in the Company's common shares continues to be halted and is expected to remain halted until completion of the transaction.

It is intended, subject to TSXV approval, that on closing, the name of the Company will be changed to GoldenHawk Resources Ltd., and Mr. Darryll Castle will be appointed President, Chief Executive Officer and Director of the Company.
