14.10.2021 | [Newsfile](#)

Vancouver, October 14, 2021 - [Tudor Gold Corp.](#) (TSXV: TUD) (the "Company") is pleased to announce that, due to strong investor demand, it has agreed with Research Capital Corporation, as lead agent and sole bookrunner (the "Agent"), on behalf of a syndicate, including Canaccord Genuity Corp. and Red Cloud Securities Inc. (collectively, the "Agents"), in connection with the previously announced best efforts, private placement offering (the "Offering") to further increase the size of the Offering to \$15,000,000. As a result of the significant demand and increased size of the Offering, the option previously granted to the Agent to increase the size of the Offering will no longer apply. The Offering will consist of a combination of: (i) common shares of the Company (each, a "Common Share") at a price of \$2.10 per Common Share, and (ii) and Common Shares that will qualify as "flow-through shares" within the meaning of subsection 66(15) of the Income Tax Act (Canada) (the "Tax Act") (each, a "FT Common Share") at a price of \$2.50 per FT Common Share. Eric Sprott has indicated his intention to subscribe in the Offering.

The net proceeds from the sale of Common Shares will be used for the Company's ongoing exploration drilling program, working capital requirements and other general corporate purposes. The gross proceeds from the sale of FT Common Shares will be used to incur eligible "Canadian exploration expenses" ("CEE") that are "flow-through mining expenditures" (as such term is defined in the Tax Act) related to exploration expenses on the Company's Treaty Creek flagship property, located in Golden Triangle of northwestern British Columbia, as permitted under the Tax Act. The Company will incur the CEE on or before December 31, 2022 and renounce such CEE to the purchasers of the FT Common Shares with an effective date of no later than December 31, 2021.

The Common Shares and FT Common Shares to be issued under the Offering will be offered by way of private placement in each of the provinces of Canada, and such other jurisdictions as may be determined by the Company, in each case, pursuant to applicable exemptions from the prospectus requirements under applicable securities laws.

The Offering is scheduled to close on or about the week of November 1, 2021, or such other date as agreed upon between the Company and the Agents (the "Closing") and is subject to certain conditions including, but not limited to, the receipt of all necessary approvals (including the approval of the TSX Venture Exchange). The Common Shares and FT Common Shares to be issued under the Offering will have a hold period of four months and one day from the Closing.

In connection with the Offering, the Agents will receive an aggregate cash fee equal to 6.0% of the gross proceeds from the Offering, including in respect of any exercise of the Over-Allotment Option. In addition, the Company will grant the Agents non-transferable compensation warrants (the "Compensation Warrants") entitling the Agents to purchase a number of Common Shares equal to 6.0% of the total number of Common Shares and FT Common Shares sold under the Offering (including in respect of any exercise of the Over-Allotment Option). Each Compensation Warrant will entitle the holder thereof to purchase one Common Share at an exercise price of \$2.50 per Common Share for a period of 24 months following the Closing.

The securities described herein have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), or any state securities laws, and accordingly, may not be offered or sold within the United States except in compliance with the registration requirements of the U.S. Securities Act and applicable state securities requirements or pursuant to exemptions therefrom. This press release does not constitute an offer to sell or a solicitation to buy any securities in any jurisdiction.
