

Focus Graphite Unveils New Bilingual Website to Provide Updated News on its Active Graphite Exploration Projects

26.10.2021 | [ACCESS Newswire](#)

As development progresses on its Lac Knife and Lac Tétépisca projects, www.focusgraphite.com offers stakeholders a central source of information, complemented by an enhanced social media presence

KINGSTON, October 26, 2021 - [Focus Graphite Inc.](#) (TSX VENTURE:FMS) (OTCQX:FCSMF) (FRANKFURT:FKC) ("Focus" or the "Company") is pleased to announce that its newly revamped website, www.focusgraphite.com, is now live and offers up-to-date information in both English and French about the company, its mission, and the key flake graphite projects it has in development, which include two premier deposits located in Quebec.

The website updates investors, media, local communities, and the public at large about the latest news from Focus Graphite as it continues to develop its flagship graphite property, Lac Knife, located on the Southwestern edge of the Labrador Trough next to the towns of Fermont and Wabush on the Nitassinan of Innu Takuaikan Uashat mak Mani-utenam (ITUM). Focus is also progressing with exploration at its Lac Tétépisca property, located southwest of the Manicouagan reservoir in the Côte-Nord administrative district of Québec.

In addition to project details and updates, the website includes an investor portal, a beginner's guide to graphite, an in-depth section about the company and its management team, and links to technical documents. The website will also integrate a new look on social media for Focus Graphite. The company will post regular updates across Facebook and LinkedIn.

"As we continue to develop our graphite properties in Quebec and unlock value for our shareholders, we know how important it is to keep all stakeholders updated and informed," said Marc Roy, President and CEO of Focus Graphite. "It is especially important to us to communicate our news in both English and French so that stakeholders across North America can easily read more about what our company is all about and the progress we are making in developing our projects to deliver high-quality, battery-grade graphite to the burgeoning North American electric vehicle battery industry."
