"When an emergency happens, local fire departments are always the first call. These brave first responders

help us through times of crisis and are vital to sustaining strong communities," said Stephanie Paluda, Supervisor Government & Community Affairs, EQT. "We are committed to operating as safely as possible while also helping to ensure these departments have the resources they need to continue answering the call when our communities are in need."

The fire departments choose how they want to utilize the donation.

"We plan to put the money towards the refurbishing of our 2001 Pierce fire engine. We purchased the custom truck brand new and over the last few years it has been showing its age, and we have been replacing outdated or failing parts," said Fire Chief Brad Stine, Plunckett's Creek Township Volunteer Fire Department. "Since purchasing a brand-new truck at \$750,000 is out of the question, we have made the decision to refurbish the truck. The total price tag will be around \$90,000 and this donation will go towards that."
