

# PJX Resources Commences Trading on the OTCQB(R) Venture Market in the United States

08.11.2021 | [ACCESS Newswire](#)

TORONTO, November 8, 2021 - [PJX Resources Inc.](#) ("PJX" or the "company") is pleased to announce that, effective November 4, 2021, its common shares commenced trading on the OTCQB® Venture Market (the "OTCQB") in the United States under the stock symbol "PJXRF." The Company's common shares will continue to trade on the TSX Venture Exchange under the symbol "PJX".

"We are pleased to have commenced trading on the OTCQB. Trading on the OTCQB provides an opportunity to increase our visibility and trading volume in the United States," stated President and CEO, John Keating. "We look forward to engaging a broader audience of investors as we continue to advance our gold, silver, copper, lead and zinc properties in the Sullivan Mining District of southeastern British Columbia."

The OTCQB is the mid-tier OTC equity market, which lists primarily early-stage and developing companies in the U.S. and international markets. To be eligible, companies must be current in their reporting and undergo an annual verification and management certification process. The OTCQB quality standards provide a strong baseline of transparency, as well as the technology and regulation to improve the information and trading experience for investors. Investors can find real-time level 2 quotes and market information at [www.otcm Markets.com/stock/PJXRF/overview](http://www.otcm Markets.com/stock/PJXRF/overview).

Cautionary Note Regarding Forward-Looking Information

The information in this news release has been prepared as at the date noted above. Certain statements in this news release, referred to herein as "forward-looking statements", constitute "forward-looking statements" under the provisions of Canadian provincial securities laws. These statements can be identified by the use of words such as "expected", "may", "will" or similar terms.

Forward-looking statements are necessarily based upon a number of factors and assumptions that, while considered reasonable by [PJX Resources Inc.](#) as of the date of such statements, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Many factors, known and unknown, could cause actual results to be materially different from those expressed or implied by such forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date made. Except as otherwise required by law, [PJX Resources Inc.](#) expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any such statements to reflect any change in [PJX Resources Inc.](#)'s expectations or any change in events, conditions or circumstances on which any such statement is based.

Cautionary Note to US Investors:

This news release may contain information about adjacent properties on which [PJX Resources Inc.](#) has no right to explore or mine. We advise U.S. investors that the SEC's mining guidelines strictly prohibit information of this type in documents filed with the SEC. U.S. investors are cautioned that mineral deposits on adjacent properties are not indicative of mineral deposits on our properties. This news release may contain forward-looking statements including but not limited to comments regarding the timing and content of upcoming work programs, geological interpretations, receipt of property titles, potential mineral recovery processes, etc. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements.

This press release uses the terms "Measured", "Indicated", and "Inferred" resources. United States investors are advised that while such terms are recognized and required by Canadian regulations, the United States Securities and Exchange Commission does not recognize them. "Inferred Mineral Resources" have a great amount of uncertainty as to their existence, and as to their economic and legal feasibility. It cannot be assumed that all or any part of an Inferred Mineral Resource will ever be upgraded to a higher category. Under Canadian rules, estimates of Inferred Mineral Resources may not form the basis of feasibility or other economic studies. United States investors are cautioned not to assume that all or any part of Measured or Indicated Mineral Resources will ever be converted into Mineral Reserves. United States investors are also cautioned not to assume that all or any part of a Mineral Resource is economically or legally mineable.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
