CALGARY, November 19, 2021 - [Southern Energy Corp.](#) ("Southern" or the "Company") (TSXV:SOU)(AIM:SOUC), a U.S.-focused, growth-oriented natural gas producer, is pleased to provide an update following the announcement made on 28 October 2021 regarding its equity financing.

Further to the previous announcement, the Company has raised, in aggregate, c. US\$10 million (before expenses) through the offering of 114,944,000 Common Shares at a price of C\$0.05 per Common Share pursuant to the Prospectus Offering led by Eight Capital, 93,899,553 new Common Shares at a price of 2.94 pence per Common Share pursuant to the Placing, and 41,156,461 new common shares at a price of 2.94 pence per Common Share pursuant to a direct subscription with the Company (the "Subscription") (together, the "Offering"). The Company has filed a final short form prospectus in connection with a Prospectus Offering.

Highlights:

- Equity financing will raise combined gross proceeds of c. US\$10 million:
 - c. US\$4.6 million via a Prospectus Offering of 114,944,000 Common Shares (the "Prospectus Offering Shares");
 - c. US\$3.8 million via a Placing of 93,899,553 new Common Shares; and
 - c. US\$1.6 million via a direct subscription with the Company for 41,156,461 new Common Shares (the "Subscription Shares")

(together, the "Offering Shares")

- The net proceeds of the Offering will be used to drill up to three horizontal Selma Chalk wells in the Gwinville field, anticipated to begin in Q4 2021 and for working capital and general corporate purposes
 - Subject to successful completion, first production from the wells is expected in Q1 2022
- Participants in the Offering include both new and existing institutional shareholders, as well as certain directors and senior managers of the Company
- Completion of the equity financing will introduce new UK-based investors and is expected to provide additional liquidity to the Company's Common Shares on AIM

Ian Atkinson, President and CEO of Southern, commented:

"We are delighted to provide this update regarding our previously announced equity financing, which will raise over c. US\$10 million for the Company.

"The funds raised will immediately be deployed to drive value, with new production anticipated to be added in Q1 2022. Assuming the drilling program is successful, these additional Gwinville wells will add immediate cash flow to the business during a period of strong commodity prices.

"I would like to thank both new and existing shareholders for their support during this process, as we continue to build a robust, highly cash-generative business."

Admission and Total Voting Rights

The Prospectus Offering is expected to close on or about 24 November, 2021, subject to customary closing conditions.

The new common shares to be issued pursuant to the Offering will be issued credited as fully paid and will rank pari passu in all respects with the existing Common Shares from their admission to trading on AIM ("Admission").

The Company has applied to the London Stock Exchange plc for Admission of the Offering Shares and to the TSXV for approval of the listing of the Prospectus Offering Shares.

Subject to, inter alia, the placing agreement entered into between the Company, Hannam & Partners and Canaccord Genuity Limited having become unconditional and not having been terminated in accordance with its terms, it is expected that admission to trading on AIM of the Placing Shares and Subscription Shares will occur at 8:00 am on or around 24 November 2021.

The Placing, Subscription and the Prospectus Offering are not interconditional and there can be no guarantee that any particular element or elements of the Offering will be completed.

Following Admission of the Offering Shares, the total number of Common Shares in the Company in issue will be 612,597,068 (the "Enlarged Share Capital").
