Recent Company Highlights

- Inaugural 43-101 mineral resource estimate announced in October consisting of over one billion pounds nickel, copper & cobalt with 2.4 million ounces of palladium, platinum and gold
- Assays pending from 2021 drill campaign focused on resource expansion
- Updated resource estimate expected in 2022
- Earn-in deal completed under which Heritage Mining may acquire up to a 90% interest in Group Ten's Black Lake-Drayton gold project in Ontario, Canada.

About Group Ten Metals

[Group Ten Metals Inc.](#) is a TSX-V-listed Canadian mineral exploration company focused on the development of high-quality platinum, palladium, nickel, copper, cobalt, and gold exploration assets in top North American mining jurisdictions. The Company is focused on its 100%-owned, flagship Stillwater West battery metals and platinum group elements project in Montana, USA, adjacent to high-grade PGE mines operated by Sibanye-Stillwater. In October 2021, the Company announced its inaugural NI 43-101 mineral resource estimate, with an update expected in 2022 subject to results from an expansion drill campaign in 2021 from which assays are pending.

Group Ten also holds two additional district-scale brownfields assets including the high-grade Black Lake-Drayton Gold project adjacent to Treasury Metals' development-stage Goliath Gold Complex in northwest Ontario (now subject to an earn-in by Heritage Mining), and the Kluane PGE-Ni-Cu-Co project on trend with Nickel Creek Platinum's Wellgreen deposit in Canada's Yukon Territory.
