07.12.2021 | [Newsfile](#)

Vancouver, December 7, 2021 - [Precipitate Gold Corp.](#) (TSXV: PRG) (OTCQB: PREIF) (the "Company" or "Precipitate") announces a non-brokered private placement (the "Offering") for gross proceeds of up to \$750,000.

The Offering will consist of two parts:

1. flow-through units at \$0.10 per unit, each unit consisting of one flow-through common share and one-half of a warrant, each whole warrant exercisable at \$0.15 per share for 24 months; and
2. non-flow-through units at \$0.09 per unit, each unit consisting of one non-flow-through common share and one-half of a warrant, each whole warrant exercisable at \$0.15 per share for 24 months.

The proceeds from the Offering will be used for exploration and development of the Company's mineral property interests in Newfoundland, Canada, and for general working capital purposes. The gross proceeds from the issuance of all flow-through shares will be used to incur Canadian Exploration Expenses ("CEE"), and will qualify as "flow-through mining expenditures" under the Income Tax Act (Canada), which will be renounced to the purchasers of flow-through shares with an effective date no later than December 31, 2021 in an aggregate amount no less than the proceeds raised from the issue of the flow-through shares.

Closing of the Offering is subject to certain customary conditions, including, but not limited to, the receipt of all necessary regulatory approvals and acceptance of the TSX Venture Exchange. All securities issued under the Offering will be subject to a statutory hold period of four months plus a day following the date of closing. Red Cloud Securities Inc. is acting as a finder in connection with the flow through component of the Offering. The Company may pay additional finder's fees on a portion of the Offering, subject to compliance with the policies of the TSX Venture Exchange and applicable securities legislation.

The Offering is being made available to all existing shareholders of the Company, pursuant to BCI 45-534 - Exemption from Prospectus Requirements for Certain Trades to Existing Security Holders, and similar instruments in other Canadian jurisdictions. In this regard, (i) the Offering will be subject to a minimum raise of \$350,000 and a maximum raise of \$1,000,000, (ii) proceeds for the Offering will be used as stated above, with all funds received from the sale of flow-through units being used toward incurring CEE, and (iii) if aggregate subscriptions for securities exceeds the maximum offering, securities will be offered on a pro-rata basis as to the amount of each subscription.

The Investment Dealer Exemption is available in each of Alberta, British Columbia, Saskatchewan, Manitoba and New Brunswick to a person or company who has obtained advice regarding the suitability of the investment from a person registered as an investment dealer in such person's or company's jurisdiction. As required by the Investment Dealer Exemption, the Company confirms there is no material fact or material change relating to the Company that has not been generally disclosed.

Certain insiders of the Company may acquire securities under the Offering. Any participation by insiders in the Offering would constitute a "related party transaction" as defined under Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions ("MI 61-101"). However, the Company expects such participation would be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as the fair market value of the Units subscribed for by the insiders, and the consideration for the Units paid by such insiders, would not exceed 25% of the Company's market capitalization.
