08.12.2021 | [CNW](#)

TORONTO, Dec. 8, 2021 - [Otso Gold Corp.](#) ("Otso" or the "Company"), (TSXV: OTSO) has been informed by government authorities in Finland that Brian Wesson ("Mr Wesson"), formerly the CEO and a Director of Otso and currently the Managing Director of Lionsbridge Capital Pty., has been detained and is under investigation by law enforcement authorities in that country. Mr. Wesson and Lionsbridge until recently were retained by the Company to manage the Otso Gold Mine.

Mr Wesson resigned without prior notice from the Board of Directors of Otso, and from his position as CEO of Otso, on the morning of 30 November 2021, after representatives of the Board of Directors of the Company together with Alvarez & Marsal (currently providing Chief Restructuring Officer and Chief Financial Officer services to the Company) informed him that they were on their way to the mine site. Clyde Wesson, formerly a Vice President and a Director of Otso, also resigned at this time.

Following the resignation notice, Alvarez & Marsal in its Chief Restructuring Officer and Chief Financial Officer capacities, has acted immediately to ascertain the whereabouts of certain computer devices, files and property owned by Otso that appears to have been taken from the Company at the same time as the resignations, and is investigating certain issues and discrepancies relating to the Company's financial transactions and records.

The Company has acted swiftly to inform law enforcement of these matters, and understands that Mr Wesson was apprehended on 30 November 2021 and that he remains in pre-trial custody under criminal suspicion of aggravated embezzlement and payment fraud.

Under Finnish law, all pre-investigation material and information is confidential and the precise details of the charges Mr Wesson is facing have not been disclosed publicly.

A spokesperson for the Company said:

"The criminal suspicions facing Mr Wesson are extremely serious. We are grateful to the Finnish authorities for the speed of their response and we will continue to assist law enforcement in their investigation. The Board of Directors of the Company has undertaken to investigate, and will continue to investigate, former management's practices and operations, including for compliance with the Company's internal policies, legal and ethical standards.

At this time, owing to the abrupt departure of Mr Wesson, The Company has been left without control of bank accounts, email and document servers. Once control has been reinstated, the Company will resume the publication of press releases on its website. The Company intends to act regarding these matters in the best interests of the Company, and in cooperation with the legal proceedings in Finland and elsewhere."
