Vancouver, December 16, 2021 - Further to its news release dated December 1, 2021, [Angold Resources Ltd.](#) (TSXV: AAU) (FSE: 13L) (OTCQB: AAUGF) ("Angold" or the "Company") is pleased to announce closing of a non-brokered private placement of 22,727,273 units (each, a "Unit") for gross proceeds of \$2,500,000 (the "Offering"). Each Unit consists of one common share and one common share purchase warrant ("Warrant"), each of which is exercisable at a price of \$0.165 until December 16, 2024.

Angold's CEO, Mr. Adrian Rothwell, stated: "With great interest in this placement, we are very grateful for the continued support of our shareholders. We look forward to kicking off exploration drilling at the Company's Iron Butte, Nevada, project and advancing our portfolio in 2022."

Net proceeds from the Offering will be used to advance the Company's projects as well as for general working capital purposes. In connection with the Offering, the Company paid total finders fees of \$26,348 and issued 366,900 Units to certain arms-length third-parties who assisted in introducing subscribers to the Offering. All securities issued in connection with the Offering are subject to a statutory hold period until April 17, 2022, in accordance with applicable securities laws.

The Offering included participation by directors and officers of the Company in the aggregate amount of 2,081,819 Units. Their participation constitutes "related party transactions" within the meaning of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The issuances are exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as they were a distribution of securities for cash and the fair market value of the Units issued to and the aggregate consideration paid by the directors and officers did not exceed 25 percent of the Company's market capitalization.

The Company did not file a material change report more than 21 days before the expected closing of the Offering because the details of the participation therein by the related parties of the Company were not settled until shortly prior to the closing of the Offering and the Company wished to close on an expedited basis for business reasons.
