

# Lion One Metals Ltd. Announces AGM Results

23.12.2021 | [Newsfile](#)

North Vancouver, Dec. 23, 2021 - [Lion One Metals Ltd.](#) (TSXV: LIO) (OTCQX: LOMLF) (ASX: LLO) ("Lion One" or the "Company") is pleased to announce the results of its Annual General Meeting ("AGM"), held on December 16, 2021. According to the meeting Scrutineers report, 128 shareholders were represented at the meeting, in person or by proxy, representing 39,544,470 common shares or 25.29% of the 156,371,893 common shares outstanding on the October 27, 2021 record date for the Meeting.

All resolutions presented to the shareholders were approved with over 95% of votes cast being in favor of each resolution (see the SEDAR filing of the Company's Information Circular, dated November 2, 2021). As a result,

- Davidson & Company LLP was re-appointed as the auditor of the Company
- The number of Directors was set at four with the following nominees elected as directors: Walter Berukoff, Richard Meli, Kevin Puil, and David Tretbar
- The Company's Stock Option Plan was re-approved

Following the AGM, management gave a brief overview of the Company's plans for the development of the Tuvatu gold processing plant in Fiji, including the award of the design and procurement work. The Company plans to provide additional information about its development plans in early 2022 along with further drilling results from its ongoing exploration programs.

The Circular is available on the Company website at [www.liononemetals.com](http://www.liononemetals.com) and under Lion One's profile on SEDAR at [www.sedar.com](http://www.sedar.com).

## About Lion One Metals Limited

Lion One's flagship asset is 100% owned, fully permitted high grade Tuvatu Alkaline Gold Project, located on the island of Viti Levu in Fiji. Lion One envisions a low-cost high-grade underground gold mining operation at Tuvatu coupled with exciting exploration upside inside its tenements covering the entire Navilawa Caldera, an underexplored yet highly prospective 7km diameter alkaline gold system. Lion One's CEO Walter Berukoff leads an experienced team of explorers and mine builders and has owned or operated over 20 mines in 7 countries. As the founder and former CEO of Miramar Mines, Northern Orion, and La Mancha Resources, Walter is credited with building over \$3 billion of value for shareholders.

This press release may contain statements that may be deemed to be "forward-looking statements" within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical fact, included herein are forward-looking information. Generally, forward-looking information may be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "proposed", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does

not anticipate", or "believes", or variations of such words and phrases, or by the use of words or phrases which state that certain actions, events or results may, could, would, or might occur or be achieved. This forward-looking information reflects [Lion One Metals Ltd.](#)'s current beliefs and is based on information currently available to [Lion One Metals Ltd.](#) and on assumptions [Lion One Metals Ltd.](#) believes are reasonable. These assumptions include, but are not limited to, the actual results of exploration projects being equivalent to or better than estimated results in technical reports, assessment reports, and other geological reports or prior exploration results. Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of [Lion One Metals Ltd.](#) or its subsidiaries to be materially different from those expressed or implied by such forward-looking information. Such risks and other factors may include, but are not limited to: the stage development of [Lion One Metals Ltd.](#), general business, economic, competitive, political and social uncertainties; the actual results of current research and development or operational activities; competition; uncertainty as to patent applications and intellectual property rights; product liability and lack of insurance; delay or failure to receive board or regulatory approvals; changes in legislation, including environmental legislation, affecting mining, timing and availability of external financing on acceptable terms; not realizing on the potential benefits of technology; conclusions of economic evaluations; and lack of qualified, skilled labour or loss of key individuals. Although [Lion One Metals Ltd.](#) has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. Accordingly, readers should not place undue reliance on forward-looking information. [Lion One Metals Ltd.](#) does not undertake to update any forward-looking information, except in accordance with applicable securities laws.
