

# Sintana Announces Upsizing of Its Marketed Public Offering of Units

22.02.2022 | [GlobeNewswire](#)

TORONTO, Feb. 22, 2022 - [Sintana Energy Inc.](#) (TSXV: SEI) ("Sintana" or the "Company") is pleased to announce that, due to strong investor demand, it has increased the size of its previously announced marketed public offering (the "Offering") of units (the "Units") of the Company. Under the amended terms, the Company intends to issue the Units at a price of \$0.15 per Unit for minimum gross proceeds of \$7,325,000 and a maximum gross proceeds of \$11,550,000 (subject to increase pursuant to an over-allotment option to raise up to an additional \$1,732,500). With respect to the upsize of the Offering, an amended and restated preliminary short form prospectus, which amends and restates the preliminary short form prospectus of the Company dated January 28, 2022, has been filed with the securities commissions or similar regulatory authorities in each of the provinces of Canada, other than Quebec (the "Canadian Jurisdictions"), and is available on the Company's SEDAR profile at [www.sedar.com](http://www.sedar.com).

Each Unit will consist of one common share of the Company (each a "Common Share") and one Common Share purchase warrant (each a "Warrant"). Each Warrant shall entitle the holder thereof to acquire one Common Share for an exercise price of \$0.25 for a period of 24 months following the Closing Date.

The Company intends to use the net proceeds of the Offering to fund the balance of the cash purchase price owing in the amount of US\$3,500,000 as partial consideration of its previously announced proposed acquisition of 49% of the outstanding shares of Inter Oil (Pty) Ltd., as well as certain future obligations of the Company in connection with Namibian property interests to be acquired pursuant thereto, to satisfy existing indebtedness, future strategic acquisitions, working capital, general corporate purposes, investor relations and marketing services.

The Offering will be conducted by Echelon Capital Markets as lead agent and sole bookrunner (the "Agent") and is subject to customary closing conditions, including approval of the securities regulatory authorities and the TSX Venture Exchange.

The Offering will be completed on a commercially reasonable "best efforts" basis (i) by way of the short form prospectus filed in the Canadian Jurisdictions; and (ii) on a private placement basis in the United States pursuant to exemptions from the registration requirements of the *United States Securities Act of 1933*, as amended (the "U.S. Securities Act"); and (iii) outside Canada and the United States on a basis which does not require the qualification or registration of any of the Company's securities under domestic or foreign securities laws.

The Offering is expected to close on or about February 28, 2022, or such other date as the Company and the Agent may agree (the "Closing Date").

The Company has granted the Agent an option to increase the size of the Offering by up to 15%, exercisable in whole or in part at any time for a period of 30 days after and including the Closing Date

This news release does not constitute an offer to sell or a solicitation of an offer to sell any of the securities in the United States. The securities have not been and will not be registered under the U.S. Securities Act or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.
