several prominent equity research and credit-rating organizations, including eResearch, Northern Securities and DBRS.

Jamal Amin, Independent Director: Mr. Amin is a consulting geologist for companies such as BTU Metals, GeoCam Mining Cameroon, S.A. and Canadian North Resources Inc. He was a Mining Analyst for Boswell Capital and a Co-Founder & Managing Director of Next Gen Geo Inc.

Don McKinnon, Jr., Technical Advisor: Mr. McKinnon is a seasoned prospector who has been following in his father's footsteps (Don McKinnon, Sr. was one of the founders of the Hemlo Gold Camp - one of Canada's richest gold mining districts) in all aspects of prospecting, exploration and mining his entire working life. He was instrumental in bringing Liberty Mines Ltd. to full production in Timmins, Ontario and creating substantial shareholder value as a result. Mr. McKinnon has vast experience actively exploring mining properties in Ontario and internationally. He has been involved in and managed all aspects of exploration from property acquisition and grassroots exploration to seeing projects through the development stage. Mr. McKinnon also has an extensive network of business associates throughout Canada and around the world.

Bruce Durham, Qualified Person (QP) and Technical Advisor: Mr. Durham, a Professional Geologist and University of Western Ontario graduate, has held numerous senior positions with successful exploration groups. He has worked in mineral exploration for over 45 years with junior and senior mining companies, exploring for precious and base metal deposits in Ontario and Quebec as well as the rest of Canada, the USA, South America, and Africa. Mr. Durham has been an integral member or head of various exploration teams credited with the discovery of several significant economic gold deposits including the David Bell Mine (Hemlo), the Golden Giant Mine (Hemlo) and the Bell Creek Mine (Timmins), as well as nickel deposits such as the Redstone Mine (Timmins) and Nunavik Mine (Quebec). In addition to being the first geologist to move to the Hemlo area, he was there for the exciting early exploration activity that occurred during the Hemlo Gold Rush in the early 1980s, working with the late Don McKinnon, Sr., who was famous for his involvement in virtually everything that occurred during the Hemlo Gold Rush. He has held numerous directorship positions with both private and public companies.
