

EnerCom Announces Preliminary List of Participating Companies at the EnerCom Dallas Energy Investment and ESG Conference, April 6-7, 2022

28.02.2022 | [PR Newswire](#)

Investment conference will be an in-person format with presentations and panel discussions on April 6-7 in Dallas at the Petroleum Club

DENVER, Feb. 28, 2022 - EnerCom, Inc. announces participating companies for the EnerCom Dallas Energy Investment & ESG Conference on April 6-7, 2022. EnerCom Dallas is a financial conference that allows institutional investors an early 2022 opportunity to meet management teams from leading energy companies and the oilfield service companies supporting them.

"EnerCom Dallas will give the investment community and peers an early opportunity to hear the leading independent energy companies, including oil and gas producers, energy transition leaders and service companies, present their plans for 2022," said Aaron Vandeford, President of EnerCom. "Continued public expectations around Corporate Sustainability have increased the emphasis by investors on making investments in companies that are actively addressing ESG concerns. EnerCom's consulting practice has been at the center of this discussion with our clients, and we look to continue facilitating this dialogue for the energy industry at our Dallas conference."

Company lineup as of February 28, 2022 includes:

- Aureus Energy Services
- Barrow Hanley Global Investors
- Bayswater
- BDO
- CP Energy Services
- Empire Petroleum Corporation
- EnerCom Inc.
- ESG Dynamics
- ESG Solutions
- Federal Reserve Bank of Dallas
- FutEra Power
- Great Western Petroleum
- Haynes & Boone
- Independence Contract Drilling
- LandGate
- Milestone Environmental
- Moss Adams
- Netherland, Sewell & Associates, Inc.
- Northern Oil and Gas
- [NuVista Energy Ltd.](#)
- [PetroTal Corp.](#)
- Project Canary
- Quantum Energy Partners
- Razor Energy
- Tailwater Capital
- Tamarack Valley
- Transitional Energy
- Trido Solutions

EnerCom is confirming additional companies to the lineup daily. The complete daily schedule of presenters will be posted shortly on the website (presenters, days, times are subject to change). The conference

investor presentations begin at 8:00 a.m. CT and run through 5:00 p.m. CT on April 6-7, 2022.

Registration for EnerCom Dallas is now open

Investment professionals, sell side analysts and oil and gas company executives may register for the event at no cost through the conference website.

The EnerCom Dallas conference follows EnerCom's familiar 25-minute CEO presentation format, followed by 50-minute Q&A opportunities in separate breakout rooms, one-on-one meeting opportunities for investors to meet company management teams, networking opportunities and global insight delivered by leading energy economists and strategists. The event also provides energy industry professionals a venue to learn about important energy topics affecting the global oil and gas industry. The conference offers healthy dialogue and informal networking opportunities for attendees and presenters.

Conference Details: Modeled after EnerCom's flagship Denver event, EnerCom Dallas offers investment professionals a unique opportunity to listen to oil and gas company senior management teams update investors on their operational and financial (operational, financial and ESG) strategies and learn how the leading energy companies are building value in 2022. This event will be hosted in an in-person format.

Conference Dates: April 6 and 7, 2022

Venue: Dallas Petroleum Club (and webcast live on the conference website).

Who Attends the Conference: Institutional and hedge fund investors, private equity investors, energy research analysts, broker/dealers, trust officers, high net worth investors, commercial energy bankers and other energy industry professionals will gather in Dallas for the conference.

One-on-One Meetings: EnerCom works in advance with presenting company management teams to arrange one-on-one meetings with the attending institutional investors and research analysts at the conference venue and online.

About Haynes and Boone

Haynes and Boone, LLP is an energy focused corporate law firm, providing a full spectrum of legal services and solutions to clients across the oil and gas industry, including the upstream, midstream, and downstream sectors. Lawyers from our Denver office and 15 other offices work as a team to meet the legal needs of our domestic and international clients involved in oil and gas. We represent private and public oil and gas companies, financial institutions, investment funds and other investors. Our team of more than 100 energy lawyers and landmen understands the physical and financial energy markets, and the firm has been helping both operators and lenders complete some of the largest financings and M&A transactions in recent years. The BTI Industry Power Rankings, published by BTI Consulting Group, Inc., named Haynes and Boone a "Leading Recommended" firm for the energy industry in 2017, ranking our firm among the top three percent of all law firms. For more information, please visit www.haynesboone.com/.

About BDO

BDO delivers assurance, tax, and financial advisory services to clients throughout the country and around the globe. We offer numerous industry-specific practices, world-class resources, and an unparalleled commitment to meeting our clients' needs. We currently serve more than 400 publicly traded domestic and international clients. For more information, please visit: www.bdo.com.

About Mobius Risk Group

Mobius Risk Group is an independent commodity and physical energy risk advisory firm. Founded in 2002, Mobius provides strategic advisory services including financial, physical, and commodity risk management and valuation, carbon strategy development, and regulated energy oversight for producers, consumers, distributors and capital providers backed by its proprietary C/ETRM, RiskNet. For more information, please visit: www.mobiusriskgroup.com.

About Project Canary

Project Canary is a climate tech company that provides trusted, independent, and verified environmental data to track, measure, and score the "E" in ESG across an enterprise's operational value chain. They are

the leaders in providing dynamic environmental ratings using real-time monitoring data at the facility level to assess and improve operating practices and provide a science-based and technology-enabled measurement of emission profiles, including methane. Formed as a Public Benefit Corporation, Project Canary's team of scientists, engineers, and seasoned industry operators have earned recognition for their uncompromising standards, including being named "Best for the World" B Corp. For more information, please visit: www.projectcanary.com.
