

Tactical Resources Corp. Commences Trading on the CSE Under the Ticker Symbol “RARE”

14.03.2022 | [GlobeNewswire](#)

Rare Earth Elements Developer Launches into Public Markets

VANCOUVER, March 14, 2022 - [Tactical Resources Corp.](#) (CSE: RARE) (“Tactical Resources” or the “Company”), an exploration and development company focused on the rare earth elements (“REEs”) that drive the green technologies of the future, is pleased to announce its common shares will commence trading on the Canadian Securities Exchange (the “CSE”) at the opening of the market on Monday, March 14, 2022, under the ticker symbol “RARE”. Additional information is now available on the Company website at www.tacticalresources.com.

Tactical Resources set out to identify prospective REE opportunities and very quickly identified both traditional exploration opportunities in Canada as well as a unique advanced stage offtake business venture in Texas, USA.

In Canada, the Company’s REE property location encompasses a twenty-three-claim area of roughly 3,110 acres in mining-friendly central-Quebec called Lac Ducharme. Early work on the Lac Ducharme property showed light REE enriched pegmatites with multiple surface samples returning elevated REE values. In Saskatchewan, the Company’s 2,483-acre SAM property discovered gold mineralization over multiple showings.

In the United States, the Company’s Peak project offers ready access to tailings material from a permitted and operating quarry in Texas. The Peak project encompasses the unique opportunity of a potential fast-tracked pathway to production once permitted for processing, as the quarry is already performing a number of the fundamental unit operations needed for project development including mining, hauling, crushing and screening.

Mr. Ranjeet Sundher, Chief Executive Officer and a Director of Tactical Resources stated, “The commencement of trading on the CSE is a major step for the Company’s development and growth. Access to the public markets introduces us to audiences interested in a greener future through investment in the critical resources that will drive broad aspects of global industry and technology. With the potential to better support the growth of the Company through public investment, we are committed to executing our strategic plans to build shareholder value through focussed and dedicated research, fieldwork and technological innovation.”

“Tactical Resources encourages interest and active engagement with the investment community. We invite anyone interested in the exciting advancement of REE as a critically important domestic resource to visit our website at www.tacticalresources.com and sign up to receive our latest news regarding updates on our activities, events and progress. If you prefer to use social media, then please follow us on Twitter,” added Mr. Sundher.

On Behalf of The Board of Directors,

Sincerely,
~Ranjeet Sundher~

CAUTIONARY STATEMENT REGARDING "FORWARD-LOOKING" INFORMATION

This news release contains certain forward-looking statements within the meaning of such statements under applicable securities law. Forward-looking statements are frequently characterized by words such as "anticipates", "plan", "continue", "expect", "project", "intend", "believe", "anticipate", "estimate", "may", "will", "potential", "proposed", "positioned" and other similar words, or statements that certain events or conditions "may" or "will" occur. The Company has provided the forward-looking statements in reliance on assumptions that it believes are reasonable at this time. All such forward-looking statements involve substantial known and unknown risks and uncertainties (including those risk factors identified in the Company's prospectus dated February 28, 2022), certain of which are beyond the Company's control. The reader is cautioned that the assumptions used in the preparation of the forward-looking statements may prove to be incorrect and the actual results, performance or achievements could differ materially from those expressed in, or implied by, these forward-looking statements. Accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do, what benefits, including the amount of proceeds, the Company will derive therefrom. Readers are cautioned that the foregoing list of factors is not exhaustive. The Company is under no obligation, and expressly disclaims any intention or obligation, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by applicable law.
