

Stria Lithium Inc. Announces Share Consolidation

28.03.2022 | [ACCESS Newswire](#)

OTTAWA, March 28, 2022 - [Stria Lithium Inc.](#) ("Stria" or the "Company") (TSXV:SRA) announced today that at the upcoming annual and special shareholder meeting of April 19, 2022, the shareholders will be asked to consider, and if deemed appropriate, pass a special resolution approving an amendment to the Company's articles to consolidate the issued and outstanding common shares of the Company on the basis of one (1) post-consolidation common share for every ten (10) pre-consolidation common shares outstanding (the "Consolidation").

There are currently 162,110,369 common shares issued and outstanding. post-Consolidation there will be approximately 16,211,036 common shares issued and outstanding.

No fractional common shares of the Company will be issued if, as a result of the Consolidation, a registered shareholder would otherwise be entitled to a fractional share. Instead, the Company will round any fractional shares resulting from the Consolidation in the following manner: a registered shareholders holding 0.50 or more fractional shares will be rounded up to the nearest whole share, and a registered shareholder holding less than 0.50 of a fractional share will be rounded down to the nearest whole share.

The Consolidation will affect all Shareholders uniformly and will not affect any Shareholders' percentage interest in the Company, except to the extent that the Consolidation would otherwise result in a Shareholder owning a fractional share. In addition, the Consolidation will not affect any Shareholder's proportionate voting rights, subject to the treatment of fractional shares described above.

The Consolidation is subject to shareholder and TSXV approval and the effective date of the Consolidation will be announced once all approvals have been received. No name change will be made in conjunction with the Consolidation.

About Stria Lithium Inc.

Stria Lithium is a Canadian junior mineral exploration company with an expanding technology focus and has a 100% interest in the Pontax spodumene lithium project in Northern Québec.

Lithium is a critical metal in the universal fight against global warming. It is a core component of Lithium-ion batteries used for powering electric vehicles and for industrial scale energy storage.

Forward Looking Statements

Except for statements of historical fact, this news release contains certain "forward-looking information" within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words, or statements that certain events or conditions "may" or "will" occur. Although we believe that the expectations reflected in the forward-looking information are reasonable, there can be no assurance that such expectations will prove to be correct. We cannot guarantee future results, performance or

achievements. Consequently, there is no representation that the actual results achieved will be the same, in whole or in part, as those set out in the forward-looking information.

Forward-looking information is based on the opinions and estimates of management at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking information. Please refer to the risk factors disclosed under our profile on SEDAR at www.sedar.com. Readers are cautioned that this list of risk factors should not be construed as exhaustive.

The forward-looking information contained in this news release is expressly qualified by this cautionary statement. We undertake no duty to update any of the forward-looking information to conform such information to actual results or to changes in our expectations except as otherwise required by applicable securities legislation. Readers are cautioned not to place undue reliance on forward-looking information.
