08.04.2022 | [CNW](#)

VANCOUVER, April 7, 2022 - [GoldMining Inc.](#) (the "Company" or "GoldMining") (TSX: GOLD) (NYSE American: GLDG) is pleased to announce the appointment of Tim Smith as Vice President Exploration of the Company and as Chief Executive Officer ("CEO") of U.S. [GoldMining Inc.](#) ("U.S. GoldMining"), its recently created subsidiary that will be focused on advancing the Company's Whistler gold-copper project, located in Alaska, USA.

Alastair Still, Chief Executive Officer of GoldMining commented: "With a proven and successful track record of exploring for gold systems globally for more than 25 years, including as Vice President Exploration for Kaminak Gold where he led the team at the Coffee Gold Deposit in Yukon, Canada and which was acquired by Goldcorp for C\$520 million in 2016, and as Regional Director Generative Exploration, North America for Newmont from June 2019 to April 2022, I am delighted to welcome Tim to the GoldMining team. As we continue to de-risk and advance our projects to unlock value from within our extensive portfolio of gold and gold-copper assets within the Americas, Tim's experience in exploration and project development working for junior and major operating mining companies will be a tremendous benefit to GoldMining as we create value for our shareholders. In particular, the experience Tim brings from leading teams in the north, in Yukon will be a tremendous strength to our newly created subsidiary, U.S. GoldMining as we advance our Whistler gold-copper project in Alaska."

Tim Smith commented: "With an impressive portfolio of gold and gold-copper assets located throughout the Americas, including many with untested exploration potential, I am excited to be joining the GoldMining team. Especially when combined with the opportunity to develop and lead a team to advance and explore the Whistler project in Alaska, the potential to create and add value for our shareholders is compelling and I enthusiastically look forward to leading the next exciting phase of growth for the Company."

Mr. Smith has more than 25 years mineral industry exploration and mining experience, principally exploring for gold mineral systems including orogenic lode gold, porphyry, intrusion related and volcanogenic massive sulphide systems at locations throughout Australia and Canada. Mr. Smith is experienced in exploration project management from generative greenfields to deposit drill-out to feasibility studies. Mr. Smith has a track record of discovery of major gold systems including as Vice President Exploration for [Kaminak Gold Corp.](#) where he led the team at the Coffee Gold Deposit in Yukon, Canada and which was acquired by Goldcorp Inc., for C\$520 million in 2016. Mr. Smith was Regional Director Generative Exploration, North America for Newmont Corporation from June 2019 to April 2022 and Exploration Director, Goldcorp Inc., from August 2016 to June 2019.

Mr. Smith is a Registered Professional Geoscientist with Professional Geoscientists Ontario and Engineers and Geoscientists British Columbia and holds a Bachelor of Science and Master of Science in Geology from University of Canterbury, New Zealand. Mr. Smith was a co-recipient of the Association for Mineral Exploration British Columbia H.H "Spud" Huestis Award for excellence in prospecting and mineral exploration in 2013, for the drill discovery of the Coffee Gold Deposit.
