

Atlas Salt Inc. Prepares for Planned Spin-Out of “Triple Point Resources Ltd.”

30.06.2022 | [GlobeNewswire](#)

ST. JOHN'S, June 30, 2022 - [Atlas Salt Inc.](#) (TSXV: SALT) (the “Company”) is pleased to announce that the Board of Directors has approved, in principle, the spin-out of the Company's Fischell's Brook Salt Dome Property and related mineral licenses comprising 226 sq. km in southwest Newfoundland. In connection with the spin-out the mineral licenses will be transferred to [Triple Point Resources Ltd.](#) (“Triple Point”), a subsidiary of the Company established for the purpose of the spin-out.

Spin-Out Details:

- The spin-out will occur by way of a Plan of Arrangement (“the Arrangement”) under British Columbia laws, whereby shareholders of Atlas Salt will receive an aggregate of 23,750,000 common shares of Triple Point representing approximately 0.30 Triple Point shares per Atlas share held, based on the Company's current outstanding shares;
- The final spin-out ratio is subject to any changes to the Atlas share structure between the date of this announcement and the final record date for the share distribution;
- Closing of the Arrangement is subject to approval by Atlas shareholders at a Special AGM slated for August, 2022, in addition to court approval and stock exchange approval;
- The Date of Record for the share distribution will be announced immediately following all shareholder and regulatory approvals;
- Triple Point will apply to list its shares on the Canadian Securities Exchange (CSE). Such listing is subject to meeting the listing requirements of the CSE;
- On completion of the Arrangement, and a planned concurrent financing, Atlas anticipates that it will hold approximately 30% of the outstanding Triple Point shares after the distribution to Atlas shareholders.

CEO Patrick Laracy commented, “The strategic spin-out of the Fischell's Brook asset and other salt claims through Triple Point, featuring its own management team, is designed to immediately unlock the value of these significant assets for shareholders as we continue to make exciting progress with our flagship Great Atlantic Project. The plan, assuming all approvals are granted, is to have the date of record for the share distribution and the public listing of Triple Point to occur as quickly as possible after the August AGM.”

Further information on Triple Point and the Arrangement will be provided in a subsequent news release, and in an information circular to be prepared in connection with shareholder approval of the Arrangement. Shareholders are cautioned that final details of the Arrangement are subject to change and that there is no certainty that the spin-out will be completed as currently proposed or at all.
