

Metallic Minerals and Metallic Group of Companies Expands Community and First Nations Relations Team with Dedicated Community Relations Manager

04.05.2022 | [ACCESS Newswire](#)

VANCOUVER, May 4, 2022 - Metallic Minerals (TSX.V:MMG)(OTCQB:MMNGF) ("Metallic Minerals", or the "Company") is pleased to announce the creation of a dedicated Community & First Nations Relations team for the Metallic Group of Companies and the appointment of Lindsay Wilson to the role of Manager, Community and Investor Relations. Ms. Wilson will be working alongside Lauren Blackburn, the Company's Yukon-based Regulatory & Permitting Manager, in further strengthening our relationships with First Nations, local communities and governments.

The Metallic Group is well established in the Yukon with multiple projects under development by member companies. The Group employs dedicated personnel in Whitehorse, who are long-time residents of the Yukon and, as such, have an affinity for and understanding of its people, its history and its robust mineral endowment. Ms. Blackburn has been with Metallic Minerals and the Metallic Group since its founding and has taken a leading role in the Company's community, permitting and regulatory initiatives. The addition of Ms. Wilson greatly increases our capacity to build meaningful and long-lasting and mutually beneficial partnerships in keeping with our strong commitment to environmental, social, and governance ("ESG") aspects of the resource sector. The Metallic Group is committed to applying best industry practices to exploration and to make positive contributions in the Territory and the specific communities in which we work.

Lauren Blackburn - Manager, Regulatory and Permitting

Ms. Blackburn has over 15 years of Yukon-based experience in the mineral exploration sector focused on the exploration and development of early to advanced-stage silver, gold, and base metal deposits. Her primary concentration has been in northern Canada where she has garnered a dynamic skill set that includes expertise in the exploration process, permitting, lands management, regulatory lobbying, land-use planning and community engagement. Ms. Blackburn is highly involved in Territorial legislation and policy review, permitting activities and assists in evaluation of potential project acquisitions and strategic development.

Lindsay Wilson - Manager, Community & Investor Relations

A member of the Snuneymuxw First Nation on Vancouver Island, Ms. Wilson is focused on incorporating traditional ways of being into her work within the resource sector and seeking to develop sustainable and credible partnerships within the communities that she works. Ms. Wilson has a comprehensive background in indigenous studies and public relations, alongside practical experience in the mineral resource sector. Having worked previously in the Yukon with the Yukon Mining Alliance, Ms. Wilson is excited about the opportunity to return to work in the Yukon and looking forward to reconnecting with the communities there.

Arctic Indigenous Investment Conference (AIIC)

The Metallic Group Community and First Nations Team will be attending the AIIC on May 4th & 5th in Whitehorse, Yukon.

Connecting globally - through a hybrid (in-person & virtual) experience - AIIC 2022 will highlight and promote indigenous development corporations and businesses in the northern economy, alongside the north's business community and colleagues across sectors. The goals of AIIC 2022 are to support economic

reconciliation and growth, and youth entrepreneurship by forging new and stronger relationships, advancing meaningful partnerships, and connecting people across the arctic. Indigenous development corporations and businesses play a key role across northern Canada. These efforts are supported when we stand together with a collaborative voice for business, northern investment and our citizens, to ensure a diverse and prosperous economy, community and future.

About Metallic Minerals

[Metallic Minerals Corp.](#) is an exploration and development stage company, focused on silver, gold and copper in the high-grade Keno Hill and La Plata mining districts of North America. Our objective is to create shareholder value through a systematic, entrepreneurial approach to making exploration discoveries, growing resources and advancing projects toward development. Metallic Minerals has consolidated the second-largest land position in the historic Keno Hill silver district of Canada's Yukon Territory, directly adjacent to Alexco Resource Corp's operations, with more than 300 million ounces of high-grade silver in past production and current M&I resources. In addition, the Company recently announced the inaugural resource estimate for the La Plata silver-gold-copper project in southwestern Colorado. All of the districts in which the Company works have seen significant mineral production and have existing infrastructure, including power and road access. Metallic Minerals is led by a team with a track record of discovery and exploration success on several major precious and base metal deposits, as well as having large-scale development, permitting and project financing expertise.

About the Metallic Group of Companies

The Metallic Group is a collaboration of leading precious and base metals exploration and development companies, with a portfolio of large, brownfields assets in established mining districts adjacent to some of the industry's highest-grade producers of silver and gold, platinum and palladium, and copper. Member companies include Metallic Minerals in the Yukon's high-grade Keno Hill silver district and La Plata silver-gold-copper district of Colorado, Granite Creek Copper in the Yukon's Minto copper district, and Group Ten Metals in the Stillwater PGM-nickel-copper district of Montana and Kluane district in the Yukon. The founders and team members of the Metallic Group include highly successful explorationists formerly with some of the industry's leading explorer/developers and major producers. With this expertise, the companies are undertaking a systematic approach to exploration and development using new models and technologies to facilitate discoveries in these proven, but under-explored, mining districts. Members of the Metallic Group have been recognized as recipients of awards for excellence in environmental stewardship demonstrating commitment to responsible resource development and appropriate ESG practices. The Metallic Group is headquartered in Vancouver, BC, Canada, and its member companies are listed on the Toronto Venture, US OTCQB and Frankfurt stock exchanges.
