18.05.2022 | [Business Wire](#)

3BL Media has named ADM (NYSE:ADM) to its annual 100 Best Corporate Citizens ranking, recognizing outstanding environmental, social and governance (ESG) transparency and performance among the 1,000 largest U.S. public companies. This is the third consecutive year ADM has appeared on the prestigious list.

"ADM has a foundational culture of execution and innovation, but even more important is the unwavering commitment our colleagues to deliver our purpose to unlock the power of nature to enrich the quality of life," said Chairman and CEO Juan Luciano. "Awards like this are a true reflection of how our teams live out our values every day, and I'm immensely proud of our colleagues around the world for earning this honor once again."

The 100 Best Corporate Citizens ranking is based on 155 ESG factors in eight pillars: climate change, employee relations, environment, finance, governance, human rights, stakeholders and society, and ESG performance.

Using a methodology developed by 3BL Media, all Russell 1000 Index companies are researched by ISS ESG, the responsible investment research arm of Institutional Shareholder Services. There is no fee for companies to be included in 100 Best Corporate Citizens.

To compile the ranking, corporate data and information is obtained from publicly available sources only, rather than questionnaires or company submissions. Companies have the option to verify data collected for the ranking at no cost. Data and information used in the 2022 edition of the 100 Best Corporate Citizens ranking is from March 19, 2021 to March 18, 2022.

"Achieving the transformational targets in the Paris Agreement and UN Sustainable Development Goals in this decisive decade requires all companies to truly embed ESG issues into the core of their business," said Dave Armon, CEO of 3BL Media. "The 100 Best Corporate Citizens of 2022 are answering the call by demonstrating the societal and bottom-line value of leadership and transparency around ESG topics. They are setting ambitious goals, outlining robust strategies for achieving them, disclosing data to measure progress, and accounting for all stakeholders in business decisions."
