The Agreement establishes collaborative processes to support the constructive engagement of the TCG in Benchmark's exploration program at the Lawyers Gold-Silver Project and ensure the TCG can meaningfully participate in all aspects of the exploration program and the associated economic benefits. The Agreement is an important step towards developing a strong collaborative relationship with TCG and advancing Benchmark's gold-silver project. The Agreement is a key component towards social license for mine permitting and is intended to form the basis of a larger agreement when the project advances towards regulatory approvals for an operational mine. Benchmark will work constructively with First Nations and advance the Project in a sustainable manner that provides social and economic opportunities. Benchmark's flagship Lawyers Gold-Silver Project is road accessible and located within the Golden Horseshoe area of north-central British Columbia, Canada.

John Williamson, CEO, commented, "Benchmark is very encouraged to be working cooperatively with the TCG. Building a collaborative and meaningful relationship with TCG will enable continued success to advance the Lawyers Gold-Silver Project to a mining decision. Benchmark is rapidly advancing its Project that continues to deliver near-term results and major milestones during 2022 and 2023."

The signing of this collaborative Agreement is considered a major achievement to advance the Company's project to a production scenario. Benchmark will continue to engage and utilize First Nations talent for employment and consultancy work with near-term achievements that include:

- Technical, environmental, mineral resource expansion and regional discovery drilling during 2022;
- Potential for additional new discoveries;
- Q2, 2022 - Expanded Mineral Resource Estimate (MRE);
- Q3, 2022 - Preliminary Economic Assessment (PEA), and;
- 2023 - Feasibility Study and entry into environmental assessment processes.

## Tahltan Central Government (TCG)
