

Aya Gold & Silver Files Amended NI 43-101 Technical Report on Zgounder

17.06.2022 | [CNW](#)

MONTREAL, June 16, 2022 - [Aya Gold & Silver Inc.](#) (TSX: AYA) (OTCQX: AYASF) ("Aya" or the "Corporation") announces that it has filed on SEDAR an amended version of the independent feasibility study technical report (the "Technical Report") prepared in accordance with National Instrument 43-101 ("NI 43-101") for the expansion of the Zgounder Silver Mine in the Kingdom of Morocco.

The Technical Report, dated June 16, 2022, has been filed under the continuous disclosure review program of the Autorités des marchés financiers. The amendments to the Technical Report replace certain members as external independent qualified persons to comply with NI 43-101 and do not change the accompanying mineral reserve estimates, economic analysis, conclusions, and recommendations provided in the original report dated March 31, 2022, for the expansion of the Zgounder Silver Mine. The effective date of the Technical Report remains the same as in the original report. There are also no differences between the Technical Report and the information disclosed in the February 22, 2022 news release.

Following the above, Aya has filed an amended version of its Annual Information Form ("AIF") on SEDAR. In addition to SEDAR, the Technical Report and AIF can be found on the Corporation's website (www.ayagoldsilver.com).

Qualified Person

The technical information contained in this news release has been reviewed and approved by Patrick Perez, P.Eng, Aya's Director of Technical Services, a QP as defined under NI 43-101.

About Aya Gold & Silver Inc.

[Aya Gold & Silver Inc.](#) is a rapidly growing, Canada-based silver producer with operations in the Kingdom of Morocco.

The only TSX-listed pure silver mining company, Aya operates the high-grade Zgounder Silver Mine and is exploring its properties along the prospective South-Atlas Fault, several of which have hosted past-producing mines and historical resources. Aya's Moroccan mining assets are complemented by its Tijirit Gold Project in Mauritania, which is being advanced to feasibility.

Aya's management team is focused on maximising shareholder value by anchoring sustainability at the heart of its production, resource, governance, and financial growth plans.

For additional information, please visit Aya's website at www.ayagoldsilver.com.

Forward-Looking Statements

This press release contains certain statements that constitute forward-looking information within the meaning of applicable securities laws ("forward-looking statements"), which reflects management's expectations regarding Aya's future growth and business prospects (including the timing and development of new deposits and the success of exploration activities) and other opportunities. Wherever possible, words such as "potential", "could", "opportunity", "support", "suggest", "expected", "probably", and similar expressions or statements that certain actions, events or results "may", "could", "would", "might", "will", or are "likely" to be taken, occur or be achieved, have been used to identify such forward-looking information. Specific forward-looking statements in this press release include, but are not limited to, statements and information with respect to the exploration and development potential of Zgounder and the conversion of Inferred Mineral Resources into Measured and Indicated Mineral Resources, future opportunities for enhancing development at Zgounder, and timing for the release of the Company's disclosure in connection with the foregoing. Although the forward-looking information contained in this press release reflect management's current beliefs

based upon information currently available to management and based upon what management believes to be reasonable assumptions, Aya cannot be certain that actual results will be consistent with such forward-looking information. Such forward-looking statements are based upon assumptions, opinions and analysis made by management in light of its experience, current conditions, and its expectations of future developments that management believe to be reasonable and relevant but that may prove to be incorrect. These assumptions include, among other things, the closing and timing of financing, the ability to obtain any requisite governmental approvals, the accuracy of Mineral Reserve and Mineral Resource Estimates (including, but not limited to, ore tonnage and ore grade estimates), silver price, exchange rates, fuel and energy costs, future economic conditions, anticipated future estimates of free cash flow, and courses of action. Aya cautions you not to place undue reliance upon any such forward-looking statements.

The risks and uncertainties that may affect forward-looking statements include, among others: the inherent risks involved in exploration and development of mineral properties, including government approvals and permitting, changes in economic conditions, changes in the worldwide price of silver and other key inputs, changes in mine plans (including, but not limited to, throughput and recoveries being affected by metallurgical characteristics) and other factors, such as project execution delays, many of which are beyond the control of Aya, as well as other risks and uncertainties which are more fully described in Aya's 2021 Annual Information Form dated March 31, 2022, and in other filings of Aya with securities and regulatory authorities which are available on SEDAR at www.sedar.com. Aya does not undertake any obligation to update forward-looking statements should assumptions related to these plans, estimates, projections, beliefs, and opinions change. Nothing in this document should be construed as either an offer to sell or a solicitation to buy or sell Aya securities. All references to Aya include its subsidiaries unless the context requires otherwise.
