

Nickel Creek Platinum Announces 2022 Field Program at Nickel Shäw

06.07.2022 | [CNW](#)

TORONTO, July 5, 2022 - [Nickel Creek Platinum Corp.](#) (TSX: NCP) ("Nickel Creek" or the "Company") is pleased to announce that the Company formally commenced the drilling portion of its 2022 field program on July 1, 2022 at its 100%-owned Nickel Creek's Nickel Shāw Project in the Yukon, Canada.

Following successful completion of the recent C\$2.7 million private placement, which included a Flow-Through Offering of C\$2.4 million, the Company has secured the necessary funding required to perform an exploration program for the 2022 field season to collect data to facilitate completion of a Prefeasibility Study ("PFS"). This work will include PFS drilling on the Wellgreen deposit to support conversion of inferred mineral resources to indicated mineral resources and to collect additional geotechnical and hydrogeological data including the characterization of the proposed waste dump and tailings sites. Further drilling is also planned at the Arch exploration target to define the extent of mineralization.

Stuart Harshaw, President and CEO commented "We are looking forward to advancing the Nickel Shāw Project with our extensive program this summer. The nickel market needs projects like ours to develop in order to supply the increasing demand for nickel and copper to produce electric vehicles."

As part of the 2022 field program, the Company will be supported by the Kluane First Nation, the Company's First Nations partner via its operating companies, Kluane Development LP and Kluane Energy LP.

Scientific and Technical Information

The scientific and technical information disclosed in this news release was reviewed and approved by Cam Bell, an independent geologist on a consulting retainer contract with the Company and a "qualified person" as defined in National Instrument 43-101 - Standards of Disclosure for Mineral Projects.

About Nickel Creek Platinum Corp.

[Nickel Creek Platinum Corp.](#) (TSX: NCP; OTCQB: NCPCF) is a Canadian mining exploration and development company and its flagship asset is its 100%-owned Nickel Shāw Project. The Nickel Shāw Project is a large undeveloped nickel sulphide project with a unique mix of metals including copper, cobalt and platinum group metals, located in the Yukon, Canada, one of the most favourable jurisdictions in the world. The Nickel Shāw Project has exceptional access to infrastructure, located three hours west of Whitehorse via the paved Alaska Highway, which further offers year-round access to deep-sea shipping ports in southern Alaska. The Company is also investigating other opportunities for shareholder value creation.

The Company is led by a management team with a proven track record of successful discovery, development, financing and operation of large-scale projects. Our vision is to create value for our shareholders by becoming a leading North American nickel, copper, cobalt and PGM producer.

Cautionary Note Regarding Forward-Looking Information

This news release includes certain information that may be deemed "forward-looking information". Forward-looking information can generally be identified by the use of forward-looking terminology such as "may", "will", "expect", "intend", "believe", "continue", "plans" or similar terminology, or negative connotations thereof. All information in this release, other than information of historical facts, including, without limitation, statements relating to general future plans and objectives for the Company and the Nickel Shāw Project, are forward-looking information that involve various risks and uncertainties. Although the Company believes that the expectations expressed in such forward-looking information are based on reasonable assumptions, such expectations are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking information.

For more information on the Company and the key assumptions, risks and challenges with respect to the forward-looking information discussed herein, and about our business in general, investors should review the Company's most recently filed annual information form, and other continuous disclosure filings which are available at www.sedar.com. Readers are cautioned not to place undue reliance on forward-looking information. The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.
