

Stuhini Exploration Ltd. Closes First Tranche of Private Placement

04.08.2022 | [CNW](#)

VANCOUVER, Aug. 4, 2022 - [Stuhini Exploration Ltd.](#) (the "Company" or "Stuhini") (TSXV: STU) and (OTCPK: STXPF) is pleased to announce that it has closed the first tranche of its non-brokered private placement (the "Private Placement") previously announced on August 2, 2022 for aggregate gross proceeds to the Company of \$1,026,125.

Under the first tranche of the Private Placement, the Company has issued a total of 2,142,500 flow-through units of the Company ("FT Units") at a price of \$0.45 per FT Unit (the "FT Unit Offering") for total gross proceeds to the Company of \$964,125. Each FT Unit consists of one (1) flow-through common share of the Company and one half (1/2) of one common share purchase warrant (each whole warrant, an "FT Warrant"). The FT Units will qualify as "flow-through shares" for the purposes of the Income Tax Act (Canada) (the "Tax Act"). Each FT Warrant will entitle the holder thereof to acquire one common share in the capital of the Company (each, a "Common Share") at a price of \$0.60 per Common Share for a period of two years from the date of issuance.

The aggregate gross proceeds from the FT Unit Offering will be used to incur "Canadian exploration expenses" which qualify as "flow-through mining expenditures" (within the meaning of the Tax Act) ("Qualifying Expenditures") in order to fund exploration programs on Stuhini's Ruby Creek Project and Big Ledge Project which are located in British Columbia. The Company will renounce these expenses to the purchasers with an effective date of not later than December 31, 2022.

The Company also issued a total of 155,000 non-flow through units of the Company ("NFT Units") at a price of \$0.40 per NFT Unit (the "NFT Unit Offering") for total gross proceeds to the Company of \$62,000. Each NFT Unit consists of one Common Share and one-half of one common share purchase warrant (each whole warrant, an "NFT Warrant"). Each NFT Warrant will entitle the holder thereof to acquire one Common Share at a price of \$0.60 per Common Share for a period of two years from the date of issuance.

The aggregate gross proceeds from the NFT Unit Offering will be used to fund exploration programs on the Company's other mineral properties, including the Que Project in the Yukon Territory, the South Thompson Nickel project in Manitoba, and any additional exploration projects acquired or staked in the United States through the Company's wholly owned subsidiary, Arizada Metals Corp, as well as general and administrative expenses.

In connection with the closing of the first tranche of the Private Placement, the Company paid finders' fees of \$43,200 to Mine Equities Ltd. ("Mine Equities") representing 6% of the proceeds raised from the sale of FT Units placed by Mine Equities.

A certain insider of the Company purchased a total of 60,000 NFT Units under the first tranche of the Private Placement. The issuance of securities to such person is considered to be a "related party transaction" within the meaning of TSX Venture Exchange ("TSXV") Policy 5.9 and Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61?101") adopted in the Policy. The Company intends to rely on the exemptions from the formal valuation and minority shareholder approval requirements of MI 61?101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61?101 in respect of related party participation in the Private Placement as neither the fair market value (as determined under MI 61?101) of the subject matter of, nor the fair market value of the consideration for, the transaction, insofar as it involves interested parties, is expected to exceed 25% of the Company's market capitalization (as determined under MI 61?101).

Closing of the second tranche of the Private Placement is expected to occur on or before August 19th, 2022, and is subject to certain conditions including, but not limited to, the receipt of all necessary approvals including the approval of the TSXV. All securities issued pursuant to the first tranche of the Private

Placement are subject to a hold period of four months and one day expiring on December 5, 2022.

FORWARD-LOOKING STATEMENTS

This news release contains "forward-looking statements" within the meaning of Canadian securities legislation. Such forward-looking statements concern, without limitation, the intended use of proceeds of the Private Placement and the renunciation of Qualifying Expenditures. Such forward-looking statements or information are based on a number of assumptions which may prove to be incorrect. Assumptions have been made regarding, among other things: conditions in general economic and financial markets; timing and amount of capital expenditures; timing and amount of Qualifying Expenditures incurred; and effects of regulation by governmental agencies. The actual results could differ materially from those anticipated in these forward-looking statements as a result of risk factors including, but not limited to: the availability of funds; the timing and content of work programs; results of exploration activities of mineral properties; the interpretation of drilling results and other geological data; general market and industry conditions; and failure to incur Qualifying Expenditures. Forward-looking statements are based on the expectations and opinions of the Company's management on the date the statements are made. The assumptions used in the preparation of such statements, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date the statements were made. The Company undertakes no obligation to update or revise any forward-looking statements included in this news release if these beliefs, estimates and opinions or other circumstances should change, except as otherwise required by applicable law.
