Reno, August 16, 2022 - [Allegiant Gold Ltd.](#) ("Allegiant" or the "Company") (TSXV:AUAU) (OTC:AUXXF) is pleased to announce management's participation in the Precious Metals Summit Conference hosted in Beaver Creek, CO from September 13-16, 2022.

The Precious Metals Summit is one of the most comprehensive conferences for established producers, developers and exploration companies throughout the world. Numerous institutional and corporate executives in the precious metals industry have historically attended this prestigious event. Allegiant is proud to once again be one of the companies attending the event.

ABOUT ALLEGIANT

Allegiant owns 100% of 10 highly-prospective gold projects in the United States, 7 of which are located in the mining-friendly jurisdiction of Nevada. Three of Allegiant's projects are farmed-out, providing for cost reductions and cash-flow. Allegiant's flagship, district-scale Eastside project hosts a large and expanding gold resource and is located in an area of excellent infrastructure. Preliminary metallurgical testing indicates that both oxide and sulphide gold mineralization at Eastside is amenable to heap leaching.
