

Desert Mountain Energy Corp. Announces Private Placement

01.09.2022 | [CNW](#)

VANCOUVER, Sept. 1, 2022 - [Desert Mountain Energy Corp.](#) (the "Company") (TSXV: DME) (OTC: DMEHF) (Frankfurt: QM01) is pleased to announce that it is proceeding with a non-brokered private placement offering to raise up to CAD \$5.98 Million. Under the terms of the private placement, the Company will offer for sale up to 2.3 million Units (the "Units") at CAD \$2.60 per Unit.

Each Unit will consist of one common share of the Company and one share purchase warrant (the "Warrants"), with each whole Warrant allowing the subscriber to purchase one additional share of the Company for a period of three years from the date of the closing at a price of CAD \$3.50 per share. The expiry of the Warrants may be accelerated at the election of the Company by written notice if the closing price for the common shares on the TSX Venture Exchange shall be equal to or greater than CAD \$7.00 per share for a minimum of ten consecutive trading days. Finder's fees are payable. Proceeds from the private placement will be utilized for working capital and general corporate purposes.

The Units will be subject to a 4-month hold period. The private placement is subject to the approval of the TSX Venture Exchange.

Cautionary Note Regarding Forward-Looking Statements

This news release contains "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995 and "forward-looking information" within the meaning of applicable Canadian securities legislation. Such forward looking statements and information herein include but are not limited to statements regarding the Company's anticipated performance in the future the planned exploration activities, receipt of positive results from drilling, the completion of further drilling and exploration work, and the timing and results of various activities.

Forward-looking statements or information involve known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company and its operations to be materially different from those expressed or implied by such statements. Such factors include, among others, changes in national and local governments, legislation, taxation, controls, regulations and political or economic developments in Canada and the United States; financial risks due to helium prices, operating or technical difficulties in exploration and development activities; risks and hazards and the speculative nature of resource exploration and related development; risks in obtaining necessary licenses and permits, and challenges to the Company's title to properties.

Forward-looking statements are based on assumptions management believes to be reasonable, including but not limited to the continued operation of the Company's exploration operations, no material adverse change in the market price of commodities, and such other assumptions and factors as set out herein. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements or information, there may be other factors that cause results to be materially different from those anticipated, described, estimated, assessed or intended. There can be no assurance that any forward-looking statements or information will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements or information. Accordingly, readers should not place undue reliance on forward-looking statements or information. The Company does not intend to, and nor does not assume any obligation to update such forward-looking statements or information, other than as required by applicable law.
