Edmonton, Sept. 1, 2022 - Further to its news releases dated July 21, 2022 and August 5, 2022, [Green River Gold Corp.](#) (CSE: CCR) (OTC Pink: CCRRF) (the "Company" or "Green River") is pleased to announce that the Company has closed on the final tranche of the oversubscribed, previously announced non-brokered private placement offering of flow-through shares (the "Flow-Through Offering") and the oversubscribed, previously announced non-brokered private placement offering of units (the "Unit Offering").

If the closing price of the Company's Shares on the Canadian Securities Exchange (the "CSE") (or such other principal exchange on which the Shares may be traded at such time) is equal to or greater than \$0.20 for a period of ten (10) consecutive trading days, the Company may, at its sole option, accelerate the expiry date of Warrants to the date which is thirty (30) days following the date upon which notice of the accelerated expiry date is provided by the Company (given by way of news release).

No broker commissions were paid with respect to any closings which took place under the Unit Offering. However, the Company paid an aggregate amount of \$6,684.00 in cash finder's fees to certain finders, which amount equals 8% of the aggregate gross proceeds of subscriptions under the Unit Offering facilitated by such finders.

The Company intends to use the proceeds of the Unit Offering for the exploration of the Company's mining properties, acquisition of drilling equipment and supplies, working capital and general corporate purposes.

The securities issued under both the Flow-Through Offering and the Unit Offering are subject to a four month and a day hold period from the date of issuance.
