During the three months ended July 31, 2022, the Company distributed 1,062,248 common shares pursuant to its previously announced at-the-market equity program through the facilities of the TSX-V and NASDAQ for net proceeds of approximately C\$3.8 million.

About Uranium Royalty Corp.

[Uranium Royalty Corp.](#) (URC) is the world's only uranium-focused royalty and streaming company and the only pure-play uranium listed company on the NASDAQ. URC provides investors with uranium commodity price exposure through strategic acquisitions in uranium interests, including royalties, streams, debt and equity in uranium companies, as well as through holdings of physical uranium. The Company is well positioned as a capital provider to an industry needing massive investments in global productive capacity to meet the growing need for uranium as fuel for carbon-free nuclear energy. URC has deep industry knowledge and expertise to identify and evaluate investment opportunities in the uranium industry. The Company's management and the Board include individuals with decades of combined experience in the uranium and nuclear energy sectors, including specific expertise in mine finance, project identification and evaluation, mine development and uranium sales and trading.

Neither the TSX-V nor its Regulation Services Provider (as that term is defined in policies of the TSX-V) accepts responsibility for the adequacy or accuracy of this release.
