The table below sets forth, among other things, the aggregate principal amount of each series of Notes validly tendered and not validly withdrawn as of 5:00 p.m., New York City time, on September 9, 2022 (the "Early Tender Date") and expected to be accepted for purchase in each tender offer, the approximate proration factor for such Notes and the Total Consideration for each series of such Notes, as calculated at 10:00 a.m., New York City time, today, September 12, 2022.

	Title of Security CUSIP/ISIN	Principal Amount Maximum Amount Outstanding	Acceptance Priority Level ⁽²⁾

	5.375% Notes due 2025 15135UAK5 / US15135UAK51	\$57,726,000	4
Pool 2 Tender Offers	6.750% Notes due 2039 15135UAS8 / US15135UAS87	\$665,674,000	5
	6.800% Notes due 2037 15135UAF6 / US15135UAF66	\$500,000,000	1

(1) \$1,697,486,675 represents the maximum aggregate purchase price payable, excluding accrued and unpaid interest, in respect of the Pool 1 Notes that may be purchased in the tender offers. \$500,000,000 represents the maximum aggregate purchase price payable, excluding accrued and unpaid interest, in respect of the 6.750% Notes due 2039 in Pool 2 which may be purchased in the tender offers.

(2) Subject to the Maximum Amounts and proration, the principal amount of each series of Notes that is expected to be purchased in each tender offer will be determined in accordance with the applicable Acceptance Priority Level (in numerical priority order) specified in this column.

(3) Per \$1,000 principal amount of Notes validly tendered prior to or at the Early Tender Date and accepted for purchase.

(4) The Total Consideration for each series of Notes validly tendered prior to or at the Early Tender Date and accepted for purchase is calculated

using the applicable Fixed Spread and is inclusive of the applicable Early Tender Payment. The Total Consideration for each series of Notes does not include accrued and unpaid interest, which will be payable in addition to the applicable Total Consideration.

The tender offers are being made upon the terms and subject to the conditions previously described in the offer to purchase dated August 26, 2022, as amended and supplemented by Cenovus's news release on September 12, 2022 (as so amended, the "Offer to Purchase"). Cenovus refers investors to the Offer to Purchase for the complete terms and conditions of the tender offers.

Withdrawal rights for the Notes expired at 5:00 p.m., New York City time, on the Early Tender Date. The tender offers for the Notes will expire at midnight, New York City time, at the end of September 23, 2022, or any other date and time to which Cenovus extends the applicable tender offer, unless earlier terminated. As previously announced, Cenovus expects to elect to exercise its right to make payment for Notes that were validly tendered prior to or at the Early Tender Date and that are accepted for purchase on September 13, 2022 (the "Early Settlement Date"). Cenovus intends to fund the purchase of validly tendered and accepted Notes on the Early Settlement Date with cash on hand and certain short-term borrowings.

Because the aggregate principal amount of Pool 1 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date has an aggregate purchase price, excluding accrued and unpaid interest, that exceeds the Pool 1 Maximum Amount, Cenovus does not expect to accept for purchase all Pool 1 Notes that have been validly tendered and not validly withdrawn prior to or at the Early Tender Date. Rather, subject to the Pool 1 Maximum Amount and the Acceptance Priority Levels set forth in the table above, in each case as further described in the Offer to Purchase, Cenovus expects to accept for purchase all of the 4.250% Notes due 2027, 4.400% Notes due 2029, 4.450% Notes due 2042, 5.200% Notes due 2043 and 5.375% Notes due 2025 validly tendered and not validly withdrawn prior to or at the Early Tender Date. Cenovus does not expect to accept for purchase any 5.400% Notes due 2047. As described further in the Offer to Purchase, Notes tendered and not accepted for purchase will be promptly credited to the tendering holder's account. Additionally, because the aggregate principal amount of Pool 1 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date has an aggregate purchase price, excluding accrued and unpaid interest, that exceeds the Pool 1 Maximum Amount, Cenovus does not expect to accept for purchase any Pool 1 Notes tendered after the Early Tender Date on a subsequent settlement date.

Because the aggregate principal amount of Pool 2 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date has an aggregate purchase price, excluding accrued and unpaid interest, that exceeds the Pool 2 Maximum Amount, Cenovus does not expect to accept for purchase all Pool 2 Notes that have been validly tendered and not validly withdrawn prior to or at the Early Tender Date. Rather, subject to the Pool 2 Maximum Amount, the Acceptance Priority Levels and the applicable proration factors set forth in the table above, in each case as further described in the Offer to Purchase, Cenovus expects to accept for purchase the 6.750% Notes due 2039 validly tendered and not validly withdrawn prior to or at the Early Tender Date on a prorated basis using a proration factor of approximately 55.56%. Cenovus does not expect to accept for purchase any 6.800% Notes due 2037 or 5.250% Notes due 2037. As described further in the Offer to Purchase, Notes tendered and not accepted for purchase will be promptly credited to the tendering holder's account. Additionally, because the aggregate principal amount of Pool 2 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date has an aggregate purchase price, excluding accrued and unpaid interest, that exceeds the Pool 2 Maximum Amount, Cenovus does not expect to accept for purchase any Pool 2 Notes tendered after the Early Tender Date on a subsequent settlement date.

The applicable Total Consideration listed in the table above will be paid per \$1,000 principal amount of each series of Notes validly tendered and accepted for purchase pursuant to the applicable tender offer on the Early Settlement Date. Only holders of Notes who validly tendered and did not validly withdraw their Notes prior to or at the Early Tender Date are eligible to receive the applicable Total Consideration for Notes accepted for purchase. Holders will also receive accrued and unpaid interest on Notes validly tendered and accepted for purchase from the applicable last interest payment date up to, but not including, the Early Settlement Date.

All Notes accepted for purchase will be retired and cancelled and will no longer remain outstanding obligations of Cenovus.

Cenovus's obligation to accept for payment and to pay for Notes validly tendered and not validly withdrawn in the tender offers is subject to the satisfaction of certain conditions described in the Offer to Purchase. Cenovus reserves the right, subject to applicable law, to (i) waive any and all conditions to any of the tender

offers, (ii) extend or terminate any of the tender offers, (iii) further increase or decrease either of the Maximum Amounts, or (iv) otherwise further amend any of the tender offers. Cenovus may take any action described in clauses (i) through (iv) above with respect to one or more tender offers without having to do so for all tender offers.
