

Vortex Metals To Attend 121 Mining Investment Conference

04.10.2022 | [CNW](#)

VANCOUVER, Oct. 4, 2022 - [Vortex Metals Inc.](#) (TSXV: VMS) ("Vortex" or the "Company") is pleased to announce that it will attend the 121 Mining Investment conference on October 6th and 7th, 2022 in New York, USA. The conference is New York's the largest dedicated mining investment event. The event will be in its physical format for October with two-days of 1-on-1 meetings matching projects to investors and investment capital. The conference is packed with market intelligence and investment ideas, and participation is limited to selected investment professionals and mining executives.

Vikas Ranjan, the Co-Founder and CEO of [Vortex Metals Inc.](#) states, "Vortex is excited to introduce our new VMS projects within this emerging copper-gold VMS camp in southern Oaxaca, Mexico. We are especially excited to educate investors about the opportunity that lies at the two-flagship drill ready sites, Riqueza Marina and Zaachila. The company will continue to advance these projects through further geological work as well as exploration drilling. The leadership team of Vortex Metal believes that the Company is well positioned for the potential discovery of an entirely new copper-gold mining camp at our flagship properties Riqueza Marina and Zaachila, in southern Mexico."

About Vortex Mines Inc.

[Vortex Metals Inc.](#) is the parent company of Mexican subsidiary Empresa Minera Acagold, S.A. de C.V., which is the owner of a 100% interest in two drill-ready high-potential copper-gold volcanogenic massive sulfide (VMS) properties (Riqueza Marina and Zaachila) in the state of Oaxaca, and a third high-potential gold property (El Rescate) in the state of Puebla. The Oaxaca projects incorporate the most highly prospective areas of high-grade copper mineralized surface exposures ('gossans') and prominent gravity anomalies along an emerging copper-gold VMS belt that includes Minaurum Gold's (TSXV: MGG) Santa Marta project.

FORWARD-LOOKING STATEMENTS:

This press release may contain forward looking statements that are made as of the date hereof and are based on current expectations, forecasts and assumptions which involve risks and uncertainties associated with our business including permitting approvals, any private placement financings, the uncertainty as to whether further exploration will result in the target(s) being delineated as a mineral resource, capital expenditures, operating costs, mineral resources, recovery rates, grades and prices, estimated goals, expansion and growth of the business and operations, plans and references to the Company's future successes with its business and the economic environment in which the business operates. All such statements are made pursuant to the 'safe harbour' provisions of, and are intended to be forward-looking statements under, applicable Canadian securities legislation. Any statements contained herein that are statements of historical facts may be deemed to be forward-looking statements. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. We caution readers of this news release not to place undue reliance on our forward-looking statements as a number of factors could cause actual results or conditions to differ materially from current expectations. Please refer to the risks set forth in the Company's most recent annual MD&A and the Company's continuous disclosure documents that can be found on SEDAR at www.sedar.com. The Company does not intend, and disclaims any obligation, except as required by law, to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
